Our Schools

View school profile:

As the largest school district in Southern Arizona, Tucson Unified offers more unique learning opportunities than any other district in the region. We strive to deliver an educational experience that best fits the needs of *your* child.

TUSD provides a well-rounded and supportive academic environment at each of our elementary, middle, and high schools. Our academic and support services teams focus on nurturing the whole child, academically, intellectually, and socially.

Whether your child would do best in a comprehensive school, magnet school, alternative school, or exceptional education environment, TUSD is ready to work with you to select the right school for your family's needs.

TUSD also offers [free full-day kindergarten](#) at each of our elementary and K-8 schools! We are committed to making quality early childhood education accessible to our community.

Additionally, TUSD offers fine arts, interscholastic sports, studies in world languages and a focus on STEM (Science, Technology, Engineering, Math) education.

New to TUSD? Please [explore our schools online](#) and then make an appointment to tour the schools that interest you. Or, call School Community Services at 225-6400 to learn more about our schools and for assistance in making a selection for your child.

We look forward to welcoming you to TUSD.
