The A,B,C's of What We DO

A = Academics, Attendance, Advocacy & Empowerment; **B** = Behavior & Social Development; **C** = College & Career Readiness

SUPPORT SERVICES: We provide direct and ancillary support based on the Multi-Tiered System of Support (MTSS) model and what we call the A,B,C's of what we do. Department Specialists provide a wide spectrum of student, parent, and educator support based on the A,B,C's of what we do. Specialists working at the elementary and middle school level provide support during classroom instruction and activities. Support is provided based on administrator, parent and/or teacher request. Support may be 1:1, small groups, or in a classroom. Specialists also provide support by connecting families with community and social services resources. Other support may include home visits, individual and small group tutoring, mentoring, educational field trips and behavior plans: all based on the A,B,C's of what we do.

LITERACY INITIATIVE: AASSD is committed to student and family literacy. We recognize the importance of providing students with literature that accurately represents and reflects their cultural heritage. Therefore, AASSD has partnered with the Pima County Public Library and U of A African American Student Affairs to promote literacy.

CULTURALLY RELEVANT ENRICHMENT EXPERIENCES: To promote cultural appreciation, the AASSD sponsors or partners with community organizations to host a number of experiences including Harambee celebration, African American Youth Heritage Day, Black History Month Brain Bowl, African American Read-In Chain, Historical Black College and University Expo and Tour, STEM Summit, University of Arizona events and empowerment workshops. Students and adults from diverse backgrounds participate in all experiences.

COMMUNITY PARTNERSHIPS: AASSD builds relationships with community organizations to support academic, cultural, and social experiences for students. The purpose is twofold: 1) To serve as a conduit for connecting students, families and schools with community resources, and 2) To increase the number of positive role models students are able to connect with and learn about careers, leadership skills, and college prep.

Congratulations Students For A Job Well Done!

Dr. Anna Jolivet Award

Xavier Clinton Pinellas Spirit Award

Dr. Xavier Clinton Pinellas, an African American educator, was dedicated to the empowerment of African American youth. He wisely sought to instill in students the principles of self-motivation and personal pride, knowing that these values lead to the confidence necessary to achieve their goals.

He graduated from Kissimmee High School in 1966, Bethune-Cookman College (HBCU) in Daytona Beach, FL in 1969 and Fort Valley State College in Fort Valley, Ga. in 1973. He later attended Boston State University earning his educational specialist degree in educational administration. In 1993, he received a doctorate of education degree in counseling and educational administration from the University of Arizona.

As a counselor at Tucson High School he began a program to develop leadership qualities for African American students; students were exposed to guest speakers and community members who addressed strategies for success in high school and beyond. Leadership was a primary focus and served as a foundation for college readiness and future careers. His efforts, and those of like-minded colleagues, culminated in an annual event which is now called the "African American Student Recognition Program."

When illness necessitated a move to Florida, Ms. Carlo Thomas stepped in to continue his work. Mr. Pinellas died in February, 2001, but will long be remembered as the inspiration for the Xavier Clinton Pinellas Spirit Award.

Dear Students,

It is with great pride that I send congratulations to each of you on being honored as an excellent student in Tucson Unified School District. Your achievement reflects an attitude of hard work and commitment that honors your parents, your school and most importantly yourself. It is fitting that we gather tonight to honor you because you stand out as role models to your fellow students.

You have made a serious commitment to your studies. We appreciate your efforts and believe this is the kind of effort that will get you far in life. We want you to succeed and to believe that with hard work you can achieve great things and go far in our community. We want you to become our community leaders in the future. Please know that your school teachers, principals and your Superintendent are very proud of your achievement. This gathering allows us to praise you publicly. Keep up the hard work and your dedication to your class studies. We expect great things from you.

Finally, I would like to congratulate your parents. They are your first teachers and should be justifiably proud of your achievements. Thank you for sending us such great students. We know you have worked just as hard to raise and teach your students the value of a great education. We stand together as your partners as our students work their way to college. Please let us know if we can do more to support your son/daughter as they move through Tucson Unified School District.
