AVID Digital Experience AVID DigitalXP sets a new standard in professional learning for college and career readiness. It's flexible. It's all digital. Yet entirely human, combining the best teaching and learning with advantages only digital resources offer. The AVID Digital Experience is unlike anything you've experienced. It closes the distance between learning and doing. Engage with colleagues to learn, practice, apply and reflect. Enjoy vast resources and virtual Communities of Practice. Be inspired to act. Become more confident. Benefit from one-to-one virtual coaching. Build customized learning when you want.	June 22-24, 2020	Virtual
AVID Discover The AVID Discover: Digital Teaching & Learning Community of Practice brings educators together to experience and explore digital strategies and resources. Participants will engage in learning and knowledge creation cycles of frontload, immerse, debrief, and apply through collaboration, communication, and choice. Content will include an emphasis on the use of digital notetaking to support learning, best practices for teaching in a blended learning environment, and essential digital citizenship topics grounded in supporting students and educators navigating the current digital world. Participants will be supported with best-practice pedagogy, resources, and guidance on how to use technology to facilitate student learning and engagement and will leave with a toolkit full of new teaching strategies that can be implemented immediately.	June 22-24, 2020	Virtual

*AVID Professional Learning Modules (APLM) are 90-minute sessions which focus on one aspect of AVID K–12 implementation. They can each be used on their own for a short professional learning opportunity, or they can be assembled together to create a full day or multi-day professional learning event. The goal of these modules is to support AVID program staff and District Directors in implementing the AVID College Readiness System with fidelity and depth.
