Calvin will engage a multigenerational gathering of children, youth, adults, and elders in activities and discussions related to “passive” vs “engaged” approaches to education, communication, and community building. In park-like outdoor setting with “barbecue” feel, family and friends will be facilitated in cooperative activities, joyful musical or dance expressions, and simple yet profound dialogues all related to effective advocacy within public schools. These activities will be processed by a facilitated Q&A lead by Calvin, as well as training on media literacy called “Entertained not Engineered.”

The purpose of the African American Culture Club (AACC) is to help students of all races celebrate, embrace, and expand their knowledge of African American history and culture. Our goal is to provide social support while fostering student development and success through cultural awareness, leadership, philanthropy, and community service. Each meeting provides students with a safe place to talk about and share personal experiences as well as address and discuss cultural and social issues surrounding African Americans in our school, city and country. The club is open to all Badger students who are interested in learning more about the history, traditions, and customs of African Americans.

June 24, 2019

Dear Community Representative,

On August 24, 2019, we would like to present *Under Construction*. *Under Construction* is a 4-hour Day Camp for young men in the Pan-African communities which include all African ethnic groups and African-Americans, who are Middle School and High School students.

Our goal is to instill a measure of success, at the start of the school year, to entice our young men to achieve love, belonging, esteem, and self-actualization. To achieve this, we will display 5 activity stations with games, Martial Arts, leadership building, STEM—Science Technology Engineering Mathematics, entrepreneurship drills, and Impressive Dressing.

There will be 5 inspiring counselors who will guide these young men through 5 exciting activity stations, so they can gather a wide variety of experience and knowledge throughout their day. While transitioning through the assorted activities, our motivated counselors will have the ability to speak into the lives of our young men.

We want them to walk away from this event seeing more than the just stars in front of them, but seeing the galaxies at their fingertips. As a wrap-up, we will have a certificate ceremony along with acknowledgements to express how proud we are of our up-and-coming generations of world changers.

We work better together. Will you commit to this wonderful event? To be successful, we need to fill many roles. We want to work as a partnership to make this event happen. For our team, our desire is to work with flexibility within a neutral sense where everyone feels comfortable with sharing their thoughts and ideas and concerns.

So far, here are the team players. This is open to suggestion.

- (1) Counselor Coordinator—name badges, Counselor team coordination
- (10) Counselors—Recruitment
- (1) Activity Station Coordinator
- (10) Activity Station Investors
- (1) Logistics Team Leader
- (5) Logistics Team—decorations, phone calls, tables, chairs, etc.
- (3) Music Team
- (2) Lunch/Snack Team
- (1) Photography/Videography
- (3) Behind the Scenes Team (anything missed)

If you are interested in participating, please contact us at the email address below.

Sincerely,

Herman B. Harris, Jr.

## Workshops:

### *What Do You Stand For???*

Ms. Geri Robinson - Hall of Champions

Workshop to focus on teaching our female students how to be a lady, to have standards, good character, good manners and integrity. How to carry themselves in public, the importance of having a good reputation. We want to reinforce that it is ok to stand up for what they believe in and to stick to their convictions.

### *Finding and Owning Your Voice*

Ms. Denise Trimble-Smith - Auditorium

Workshop to focus on teaching young women how to use their voice effectively and putting them on a path of self-discovery and personal empowerment. Many times black girls are sent out of the classroom because they have not learned how to present their voice in a manner that is conducive to discussion or they have spoken their truth and are not prepared to deal with stereotypes that might be applicable to them

### *The Power of "No"*

Ms. Melia Cobb - V-115

Workshop to focus on teaching our African American young ladies to have self-respect and to demand respect from others. When they say yes to everything and do not set boundaries or say "no", they give away a part of themselves. Being a people-pleaser will make life more challenging and it is okay to say no and mean it!

### *Black Girl Beauty Inside and Out*

Ms. Beah Williams- T-186

Workshop to focus on letting our African American young ladies know that they are beautiful in every shade. Boost their confidence. Help them to identify and embrace their inner boss.

### Session #1

9:00 – 9:45 am

### Session #2

10:00 – 10:45am

### Session #3

11:00 – 11:45 am

### Session # 4

12:00 – 12:45pm

Lunch 1:00pm – 1:30pm

1:40 – 2:30pm

### *Today's Dreamers, Tomorrow Leaders*

Ms. Chrystal Richardson

Workshop to focus on leadership development. Planning and implementing a plan for the future. Overcoming hurdles and setbacks. Establishing your own tribe of people supporting your dreams, goals and visions.

2:40 – 3:15 pm (Dismissal)

### Put it all Together

Dr. Treya Allen

Wrapping up the day. What to do with the information you received today. Next steps in your development as a young lady.

June 24, 2019

Dear Community Representative,

On September 7, 2019, we would like to present *The Recipe*. *The Recipe* is a 4-hour day camp for girls in the Pan-African communities, which includes all African ethnic groups and African-Americans, who are Middle School and High School students.

Our goal is to instill a measure of success, at the start of the school year, to entice our girls to achieve love, belonging, esteem, and self-actualization. To achieve this, we will display 5 activity stations with leadership building, STEM—Science Technology Engineering Mathematics, entrepreneurship drills, skin care, and fashion.

There will be 5 motivated counselors who will guide these girls through 5 inspiring activity stations, so they can gather a wide variety of experience and knowledge throughout their day. While transitioning through the assorted activities, our motivated counselors will have the ability to speak into the lives of our girls.

We want them to walk away from this event seeing more than the just stars in front of them, but seeing the galaxies at their fingertips. As a wrap-up, we will have a certificate ceremony along with acknowledgements to express how proud we are of our up-and-coming generations of world changers.

We work better together. Will you commit to this wonderful event? To be successful, we need to fill many roles. We want to work as a partnership to make this event happen. For our team, our desire is to work with flexibility within a neutral sense where everyone feels comfortable with sharing their thoughts and ideas and concerns.

So far, here are the team players. This is open to suggestion.

- 1) Counselor Coordinator—name badges, Counselor team coordination
- (10) Counselors—recruitment
- (1) Activity Station Coordinator
- (10) Activity Station Investors
- (1) Logistics Team Leader
- (5) Logistics Team—decorations, phone calls, tables, chairs, etc.
- (3) Music Team
- (2) Lunch/Snack Team
- (1) Photography/Videography
- (3) Behind the Scenes Team (anything missed)

If you are interested in participating, please contact us at the email address below.

Sincerely,
