Subject: CMP/CBP

Dr. Hawley:

To further resolution of the draft CMP R&R (this serves as our alignment response), as well as the anticipated draft CBP R&R which we have not yet received, we would like to propose the following: you present any requested changes you may have to these plans directly to the board for their consideration at their October 14th meeting. This is because only the board can agree to changes to those plans. Accordingly, we invite you to present your requested changes to the CMP and CBP directly to the board by sending them to Julie Tolleson on or before October 7th so that the board may provide direction on how to proceed. In order for the Board to understand the modifications you propose, it would be most helpful if you would prepare a redline version of the plan(s) and incorporate your suggested changes. That will permit the board to be clear on how it might align the plan(s) with your suggestions.

We think this is the most efficient and productive manner to resolve outstanding issues with these plans. Please let us know if you agree.

Thanks,

Patricia
