TUSD's Response to the 03/27/2015 SMP SUMMIT RFI #118 re ALE Data

Below are TUSD's responses to the 3/27/15 Deseg Summit RFIs related to ALE data. Please note in all spreadsheets where data was represented as numbers, any values 9 or below were redacted for FERPA (confidentiality) purposes. We welcome any further comments or feedback as we prepare our ALE Supplement with Comprehensive Goals that will be submitted on April 14, 2015.

1: Could we get a proposal on:

- a) the cost of testing ALL students for GATE K-7,**
- b) testing all African American, Latino, and Native American Students K-7?**

Response—Assessment & Evaluation Dept.

At this time we are still calculating total costs but a rough estimate to test all students for GATE in grades K-7 would be ~\$300,000 for materials and paying staff to test. This does not cover labor costs for preparation of materials, mailing notices, or scoring of results.

#2: Why did some of the data on AA change from a presentation in October to now?

Response—Advanced Learning Experiences Dept.

All the data that was run for the data tables I used was based on the 40th day enrollment data. This data was not used for the October presentation, which was based on beginning of year enrollment before enrollment numbers had settled.

#3: Provide Enrollment Numbers of Students in Self-Contained GATE by School.

Response—Advanced Learning Experiences Dept.

Please see attached spreadsheet labeled "*ale_1771_scg.xlsx*". Note that there are three tabs at the bottom, one for each year for which the data was pulled.

- What department generated the data?

Technology Services Department

- What time frame the data covers (1st semester 14-15, SY 13-14?, etc)?
40th Day enrollment for each year on the chart.

- What date the data was pulled (40th day SY14-15, etc)?

Data was pulled between February 19th and February 25th of 2014.

April 8, 2015

- Definitions for any variables that will assist in interpretation of the data
N/A

#4: Provide Enrollment Numbers of Students in Pull Out GATE by School.

Response— Advanced Learning Experiences Dept.

Please see attached spreadsheet labeled “*ale_1771_pg.xlsx*”. Note that there are three tabs at the bottom, one for each year for which the data was pulled.

- What department generated the data?
Technology Services Department
- What time frame the data covers (1st semester 14-15, SY 13-14?, etc)?

April 8, 2015

#9: Numbers of students actually taking the AP exams (as distinct from enrolling in the classes) and of scores of 3 and above.

Please see attached spreadsheet labeled "AP_EnrollmentAndExamCounts_2yr".

- What department generated the data?
Technology Services Department
- What time frame the data covers (1st semester 14-15, SY 13-14?, etc)?
40th Day enrollment for each year on the chart.
- What date the data was pulled (40th day SY14-15, etc)?
Data was pulled between April 2nd and April 7, 2015.
- Definitions for any variables that will assist in interpretation of the data

As of now, we do not have 2012 data for enrollment and passing. We will continue working on that.

The SY2014 counts of passing of AP exams includes some error, due to 193 exams becoming lost. This accounts for roughly a 5% underestimation of the passing count. The College Board website has an updated data file where some of the scores are recovered. We are in the process of updating our database to account for that and will resubmit those numbers when we have them.
