Here is a section of my R&R. I want to sure this is right. Please confirm. Thanks.

Funding for Professional Learning Communities

Mendoza plaintiffs are concerned that by providing time during the school day for teachers to engage in professional learning communities by having substitutes or teaching assistants take over the teacher's class for two hours a week would reduce student learning time. However, the District has agreed to pay teachers **added duty** in connection with the Wednesday afternoon meeting time for teachers so this issue is moot.
