

1           On July 13, 2017, the parties supplemented the previously submitted deadlines  
2 related to filing the annual reports due SY 2016-2017. These annual reports will lay the  
3 foundation for assessing whether TUSD has attained unitary status. This Court has  
4 previously directed that the District’s annual report, which the supplement reflects will be  
5 filed on or before October 1, 2017, shall include “for each USP component to be reported  
6 on, including an analysis of the status for attaining unitary status.” (Order (Doc. 2025) at  
7 2.) It is this Court’s intent that the District’s 2016-2017 annual report shall be a full  
8 accounting for each provision in the USP of its status in relation to attaining unitary  
9 status. The Special Master’s annual report will mirror this requirement.

10           Dated this 19th day of July, 2017.
