1. INTRODUCTION

The Magnet Department marketing effort is two-fold: [USP III.I.1]

- 1. To provide Magnet Department organized and executed events and materials which benefit the recruitment of an integrated student population for all TUSD magnet programs.
- 2. To provide marketing, recruitment and theme related materials that benefit the recruitment of an integrated student population for each magnet school individually and as a pipeline.

2. ORGANIZATION & MARKETING OBJECTIVES

SMART GOALS

	Goal	Results
Department Goals	Increase number of events available for magnet recruitment in 2014-15 by 10% over 2013-14.	
	Traffic to the Magnet Department web page will increase by 10% over the previous year.	
	50% of magnet schools show an integrated incoming class per configuration.	
Site Goals	Provide a full branding package to every school that is evaluated as Falls Far Below.	Ochoa, Robison, Holladay, Pueblo and Utterback were provided with all the Marketing tool that they requested and were given priority to promote their schools at every available event.
	Complete a photo shoot of every magnet school to be used for all future design work.	There are now photos on file for all Magnet schools to be used for promotional materials.
	Two mailer campaigns will be undertaken which will be structured to measure the success of the mailing directly	These were done for the Love of Literacy event and the Magnet Fair.

3. ACTIVITY PLAN
