Mr. Lopez,

I would like to request an opportunity for professional development for my staff from your department. We are looking for support around the Danielson critical attributes for 3C Engagement with the USP added criteria. If this is something your department can support us with we would be delighted. The spring School Choice dates on the PD calendar are January 11, April 5, and May 17. April 5<sup>th</sup> would be my first choice. Thank you in advance for considering.
