

APPENDIX V – 304

Report on Amendments & Revisions

V.G.1.n

In August 2016, the District implemented Synergy (Student Information System) SIS replacing the districts legacy proprietary SIS known as Mojave. The District configured Synergy to remain consistent with the updates made in Mojave to align to the Dropout Prevention and Graduation Plan. The following categories were updated in Mojave to reflect the District's additional discipline programs:

1. District Alternative Education Process (DAEP)
2. In-School Intervention (ISI – Reassignment to a Different Class)

The following adjustments were made to Synergy to remain consistent with the changes made in Mojave for the start of the 2015 school year for the discipline categories to align with the above programs:

1. Changed In-School Suspension/Intervention – Short-Term with Services to “In-School Suspension – Short-Term with Services”
2. Changed “Reassignment to Another School Within District” to DAEP/Reassignment to Another School Within District.
