Subject: Certified List of Endorsed Teachers Request

Dear Ms. Brownson,

We are contacting you on behalf of the Language Acquisition Department in regards to our USP Milestones.

First of all, will you please send us an updated list of bilingual certified teachers within the District?

Secondly, we need to create a Dual Language Interest Survey that we would like to be sent out from HR. Could you please let us know the steps in order to create the survey and would HR be willing to send it on our behalf? We need to send out an interest letter and the survey by the end of November.

Thank you.
