

APPENDIX VI – 46

Quarterly Central Office Discipline Data Review 2016-17

This form will be filled out by the Assistant Superintendents, Mark Alvarez and Abel Morado and their Directors. This completed form will be submitted to the Central Office Discipline Data Review Team 1 day prior to the quarterly meeting. (Due Dates: Qtr 1- 11/15/16; Qtr 2- 1/17/17; Qtr 3- 4/18/17; and Qtr 4- 6/20/17)

Date: **6/14/17**Quarter under Review: **Fourth**

Table 1. School Level for This Report – Check One Row Only	
Elementary	✓
K-8	
Middle	
High	

A. FORM SUBMISSION CHECK

- 1. Missing Reports:** Identify Any Sites That Have Failed to Submit the *Site-Based Monthly Discipline Report* from Principals and the month(s) that they have missed. If none have missed, write “None” in Table 2 below.

Table 2. Missing Reports by Month	
School Name	Missing Report(s) by Month
Maldonado	March, April, May (entire 2 nd Semester)
Borton	May
Johnson	May
Lineweaver	May
Vesey	May

B. SCHOOL CLIMATE (Use the KPI View)

- 2. Choose the schools with the highest rates of TOTAL violations.**
 - Select: *USP discipline KPI*
 - Select from drop down menus at the top of the page: Quarter = 1, 2, 3, or 4; Action Type = ALL; Violation Type = ALL.
 - Disaggregate the school level by clicking on the arrow to the left of the name. E.g.

» Middle Schools
 - Choose schools with incident rates of 1.5 or more times the District Average in the first column (up to 5) that are most concerning. In Table 3 in the column called ‘School’, write the selected schools.
- 3. What TOTAL violations are most common?**
 - Click on *Violations by School* for each of the select schools.
 - Select from the drop down menus: Quarter= 1, 2, 3, or 4; School Level = the specific school only; Action Type = ALL.
 - Click on the arrow to the left of the violations with the largest numbers of students to disaggregate the *Violation Type* into specific violations. E.g.

» Aggression

- Record the four most frequent violations in Table 3 for each school and the N size.

Quarterly Central Office Discipline Data Review 2016-17

Table 3. KPI: Total Violations for Hot Spot Schools

SCHOOL	MOST COMMON TOTAL VIOLATIONS – <i>Disaggregate Violation Types to see specific violation</i>							
	Violation #1	N	Violation #2	N	Violation #3	N	Violation #4	N
Blenman 1.7	Aggression	8	Weapons	3				
Davidson 2.2	Aggression	9	School Threat	1	Sexual Offense	1	Vandalism	1
Davis 1.9	Aggression	7	Other	2				
Grijalva 2.1	Aggression	17	Harassment	4	Sexual Offense	1		
Kellond 1.9	Aggression	11	Sexual Offense	6	Vandalism	2	Harassment	1
Lynn-Urquides 2.5	Aggression	13	Other	7	Sexual Offense	5	Harassment	3
Manzo 3.3	Aggression	9	Alcohol...	2	Other	2	Theft	2
Miller 2.7	Aggression	21	Other	4	Harassment	2	Sexual Offense	1
Mission View 3.4	Aggression	7	Sexual Offense	2	Harassment	1		
Myers Ganoung 3.2	Aggression	14	Other	6	Harassment	2	Weapons	2
Robison 1.7	Aggression	8	Harassment	5	Other	5	School Threat	1
Van Buskirk 2.2	Aggression	10	Harassment	1	Sexual Offense	1		
Warren 3.0	Aggression	9	Other	6	Harassment	1	Theft	1
Whitmore 2.1	Aggression	5	Other	3	Weapons	2	Harassment	1
Wright 1.8	Aggression	14	Harassment	1				

Notes:

4. Choose the schools with the highest rates of SUSPENSIONS.

- a. Select: *USP discipline KPI*
- b. Select from drop down menus at the top of the page: Quarter = 1, 2, 3, or 4; Action Type = SUSPENSION; Violation Type = ALL.
- c. Disaggregate the school level by clicking on the arrow to the left of the name. E.g.

- d. Choose schools with incident rates of 1.5 or more times the District Average in the first column (up to 5) that are most concerning. In Table 4 in the column called 'School', write the selected schools.

5. What SUSPENSIONS are most common?

- a. Click on *Violations by School* for each of the select schools.
- b. Select from the drop down menus: Quarter = 1, 2, 3, or 4; School Level = the specific school only; Action Type = SUSPENSION.
- c. Click on the arrow to the left of the violation with the largest numbers of students to disaggregate the *Violation Type* into specific violations. E.g.

Quarterly Central Office Discipline Data Review 2016-17

- d. Record the four most frequent violations in Table 4 for each school and the N size.
- 6. Do These Sites Have an ISI Classroom?**
- Click on the distinct student number with the most frequent violations in the column for *All Students* to produce a blue box around the cell.
 - Right click within that cell to bring up a menu; click on *Show Detail* to review the Students, the Violation, the Action Category and the Action Type.
- 7. Review PBIS files** from SharePoint, etc.
- Compare/contrast interventions from each school to the data collected on Table 4.
 - Note any trends.

Table 4. KPI: Most Common Suspensions for Hot Spot Schools

SCHOOL	MOST COMMON SUSPENSIONS – <i>Disaggregate Violation Types to see specific violation</i>								ISI AVAILABLE? <i>Check Yes or No</i>	
	Violation #1	N	Violation #2	N	Violation #3	N	Violation #4	N	Yes	No
Bloom 1.5	Theft	2	Aggression	1						No
Davidson 2.2	Aggression	4	Sexual	1	Vandalism	1				No
Henry 2.4	Aggression	6								No
Kellond 2.0	Aggression	4	Sexual	2	Harassment	1				No
Manzo 1.7	Alcohol...	2	Aggression	1	Sexual	1				No
Miller 1.7	Aggression	5	Other	2	Weapons	1				No
Robison 3.7	Aggression	7	Other	5	Harassment	4	School Threat	1		No
Whitmore 1.9	Aggression	4								No
Wright 2.3	Aggression	7	Harassment	1						No

Notes:

C. SCHOOL-BASED DATA (Use the Monthly Discipline Report and individual follow up with principals)

Instructions to fill out Table 5: The data reported in Table 5 is school-based and is not available on the Data Dashboard. Use the following data sources to complete this table: Principal Monthly Discipline Reports and individual communication with Principals to document their action plans or Performance Improvement Conversations (PIC) with teachers who over-refer students and/or repeatedly refer students each month.

Table 5. Monthly Data Report: Teacher Referrals

List the top 10% of Schools with Teachers who referred a high number of Students this Quarter

School Name	Referral Source <i>e.g. Bus Drivers, Monitors, Playground/Grounds Monitor, Teachers, etc.</i>	# of Referrals	Most Common Type of Incidence	Trouble Area and Times	Action that the Principal has taken with Teacher
-------------	--	----------------	-------------------------------	------------------------	--

Quarterly Central Office Discipline Data Review 2016-17

Please describe any patterns within schools or across schools when reviewing the teacher referrals this month? Describe the plan of support or other action:					

D. RACIAL/ETHNIC DISPARITY REVIEW (Use the Risk Ratio View)

8. Choose the schools with the highest rates of TOTAL violations.

- a. Select: *School Risk Ratio*
- b. Select from drop down menus at the top of the page: Quarter = 1, 2, 3, or 4; Action Type = ALL; Violation Type = ALL.
- c. Disaggregate the school level by clicking on the arrow to the left of the name. E.g.

- d. Choose schools that reflect a disparity of 1.5 or more between Anglo student *total disciplinary incidents* and rates for African American, Hispanic, Native American, or Multiracial groups.
- e. In Table 6 in the column called 'School', write the selected schools.

9. Do the raw numbers reflect an "N" size that supports a meaningful analysis?

- a. Click on the school name to produce a blue box around the cell.
- b. The table on the right hand side of the page, called *School/Level Detail* shows the *Distinct Student Incident (N size)*, the *Distinct Student Enrollment*, and the *Discipline Percent of the Population (rate)* of that selected school.
- c. Record any disparities and note trends in the comment section of Table 6.

Quarterly Central Office Discipline Data Review 2016-17

12. From all the data presented above, please list up to 5 'hot spot' schools for the Central Discipline Committee to review:

- a) **Mission View** – Mission View had the highest percentage of increase from last year, but their numbers are still low.
- b) **Manzo** – Manzo had the highest percentage of disciplinary incidents for elementary schools and a significant increase from last school year. They will receive the service of an MTSS Facilitator next school year.
- c) **Miller** – Miller has the highest number of incidents for Elementary Schools.

Quarterly Central Office Discipline Data Review 2016-17

This form will be filled out by the Assistant Superintendents, Mark Alvarez and Abel Morado and their Directors. This completed form will be submitted to the Central Office Discipline Data Review Team 1 day prior to the quarterly meeting. (Due Dates: Qtr 1- 11/15/16; Qtr 2- 1/17/17; Qtr 3- 4/18/17; and Qtr 4- 6/20/17)

All K-8 Schools			282	8941	3.15%	314	8664	3.62%		0.47%

12. From all the data presented above, please list up to 5 'hot spot' schools for the Central Discipline Committee to review:

- a. **Booth –Fickett** – Fickett continues to show disparity in the discipline of 23 African American students. They showed a 2.88% gain in discipline this quarter. Their Corrective Action this year has not been successful and we need a different strategy going into next school year.
- b. **Naylor** – Naylor had the highest fourth quarter discipline increase (6.36%) for all K-8 schools. This could be related to the Mandatory Reporting Incident.
- c. **Pueblo Gardens** – Pueblo Gardens had a significant fourth quarter discipline increase (4.99%).

Quarterly Central Office Discipline Data Review 2016-17

- Disaggregate the school level by clicking on the arrow to the left of the name. E.g.

Middle Schools

- Choose schools with incident rates of 1.5 or more times the District Average in the first column (up to 5) that are most concerning. In Table 3 in the column called ‘School’, write the selected schools.

- 3. What TOTAL violations are most common?**

- Click on *Violations by School* for each of the select schools.
- Select from the drop down menus: Quarter= 1, 2, 3, or 4; School Level = the specific school only; Action Type = ALL.
- Click on the arrow to the left of the violations with the largest numbers of students to disaggregate the *Violation Type* into specific violations. E.g.

Aggression

- Record the four most frequent violations in Table 3 for each school and the N size.

Quarterly Central Office Discipline Data Review 2016-17

Table 3. KPI: Total Violations for Hot Spot Schools

SCHOOL	MOST COMMON TOTAL VIOLATIONS – <i>Disaggregate Violation Types to see specific violation</i>							
	Violation #1	N	Violation #2	N	Violation #3	N	Violation #4	N
Doolen 1.5	Aggression	47	Alcohol...	9	Sexual Offenses	6	Weapons...	5
Pistor 1.7	Aggression	86	Sexual Offenses	18	Harassment...	9	Alcohol...	5
Utterback 1.7	Aggression	39	Alcohol...	10	Harassment...	9	Vandalism	5
Valencia 1.6	Aggression	65	Harassment...	18	Alcohol...	17	Vandalism	9
Notes:								

4. Choose the schools with the highest rates of SUSPENSIONS.

- a. Select: *USP discipline KPI*
- b. Select from drop down menus at the top of the page: Quarter = 1, 2, 3, or 4; Action Type = SUSPENSION; Violation Type = ALL.
- c. Disaggregate the school level by clicking on the arrow to the left of the name. E.g.

- d. Choose schools with incident rates of 1.5 or more times the District Average in the first column (up to 5) that are most concerning. In Table 4 in the column called 'School', write the selected schools.

5. What SUSPENSIONS are most common?

- a. Click on *Violations by School* for each of the select schools.
- b. Select from the drop down menus: Quarter = 1, 2, 3, or 4; School Level = the specific school only; Action Type = SUSPENSION.
- c. Click on the arrow to the left of the violation with the largest numbers of students to disaggregate the *Violation Type* into specific violations. E.g.

- d. Record the four most frequent violations in Table 4 for each school and the N size.

6. Do These Sites Have an ISI Classroom?

- a. Click on the distinct student number with the most frequent violations in the column for *All Students* to produce a blue box around the cell.
- b. Right click within that cell to bring up a menu; click on *Show Detail* to review the Students, the Violation, the Action Category and the Action Type.

7. Review PBIS files from SharePoint, etc.

- a. Compare/contrast interventions from each school to the data collected on Table 4.
- b. Note any trends.

Table 4. KPI: Most Common Suspensions for Hot Spot Schools

12. From all the data presented above, please list up to 5 'hot spot' schools for the Central Discipline Committee to review:

- a) **Utterback** – Utterback had the highest discipline percentage of Middle Schools for the fourth quarter, but they have shown significant overall improvement this year. They will have changes in their administrative team next school year.
- b) **Pistor**– Pistor had a larger number of incidents during the fourth quarter and their discipline increased from last year. There will be a new Assistant Principal at Pistor next year.
- c) **Valencia** – Valencia continues to be a hotspot school with a large number of Disorderly Conduct Violations. There will be a new administrative team next school year.
- d) **Doolen** – Doolen had the highest increase in discipline among all middle schools. There were too many Disorderly Conduct violations for low-level incidents during the last two weeks of the quarter.

Quarterly Central Office Discipline Data Review 2016-17

This form will be filled out by the Assistant Superintendents, Mark Alvarez and Abel Morado and their Directors. This completed form will be submitted to the Central Office Discipline Data Review Team 1 day prior to the quarterly meeting. (Due Dates: Qtr 1- 11/15/16; Qtr 2- 1/17/17; Qtr 3- 4/18/17; and Qtr 4- 6/20/17)

Date: **6/14/17**Quarter under Review: **Fourth**

Quarterly Central Office Discipline Data Review 2016-17

12. From all the data presented above, please list up to 5 'hot spot' schools for the Central Discipline Committee to review:

- a. **Catalina** – Catalina showed a 1.34% increase in the percentage of incidents when compared to last year. They should continue to implement Corrective Action.
- b. **Santa Rita** – Santa Rita's discipline is well above the average for High Schools. Their discipline increased 1.8% this year. They should continue to implement Corrective Action.
