

APPENDIX V – 20

 **The Future Penguin Welcome Wagon Needs You!**   
June 10, 2018

**Hello UHS Families!!**

We are looking for current families interested in welcoming incoming families! This can be done through meeting with students and their families for ice cream, a pot lock, a party at your home, even over coffee! We will assign you 5-10 families that live near your family for you to reach out and welcome!!!

Please sign up at <https://tinyurl.com/ya6k53sb>.

While we have some families that have volunteered, we are still in need of families who can help support the following zip codes. This can be done with several families too!! If your zip code is next to one of these other zip codes and it would be reasonable to include them with your group, please let me know! We have 7 other zip codes covered and they are getting plans together!
