	3	Black College Tour Parent Meeting	Central	Tucson High Magnet School	Richard Langford Debra Jackson	1/16/2018	60

In addition to the required parent informational quarterly meetings, AASSD staff supported and collaborated with sites (schools) to support parents and families. For example, specialists helped to inform families about literacy nights at the elementary level and assist with STEM nights at the middle school level. The AASSD staff collaborated with the Language Acquisition Department and Refugee Services Department to continue increasing engagement and support of African American ELL and refugee students’ families. Furthermore, AASSD attended community town hall meetings such as the Interdenominational Ministerial Alliance and NAACP to provide information.
