

APPENDIX II-1

Summary of Lottery Results in Oversubscribed Schools

School	Program	Grade	Group	White/Anglo	African Am.	Hispanic	Native Am.	Asian Am.	Multi-racial	Total
Carrillo ES Integrated	Magnet	K	Target Seats	8	3	19	2	1	2	35
			Placements	9	2	28	3	1	1	44
Davis ES Integrated	Magnet	K	Target Seats	9	4	19	1	1	1	35
			Placements	14	5	17	1	0	1	38
Hughes ES Integrated	Open Enrollment	K	Target Seats	2	3	13	1	0	1	20
			Placements	3	2	9	0	0	2	16
McCorkle K-8 RC	Open Enrollment	6th	Target Seats	6	5	15	2	1	1	30
			Placements	4	3	20	4	1	2	34
Roskrige K-8 RC, no boundary	Magnet	6th	Target Seats	9	7	44	2	1	2	65
			Placements	0	2	60	6	0	0	68
Dodge MS Integrated, no boundary	Magnet	6th	Target Seats	31	14	87	5	3	5	145
			Placements	27	17	82	5	2	10	143
Mansfeld MS Integrated	Magnet	6th	Target Seats	26	2	19	2	7	4	60
			Placements	17	8	29	0	1	7	62
Tucson HS Integrated	Magnet	9th	Target Seats	165	58	247	14	21	20	525
			Placements	81	45	346	25	3	26	526

RC = Racially Concentrated,

The above data is for the dates from October 2018 to July 2019 for student placements in the 2019-2020 school year. There are less oversubscribed schools this year than in the past because the District had an objective to place every student in the program they applied for and we worked with the sites to accommodate those students to the extent possible.

Target seats are those for the lottery only; they do not include placements such as GATE, pipeline etc. These are subtracted from the overall targets so the lottery placements will help to achieve the overall targets. Target seats may be higher than placements because other placements were made, such as siblings or exceptional education students, after the targets were prepared.

The lottery placements matched targets to the extent possible given the applicant pools. The applicant pools for McCorkle and Roskrige are predominately composed of Hispanic students to the extent that it is not possible to achieve integration at those schools.
