Notice of Discrimination

Tucson Unified School District is committed to a policy of nondiscrimination based on disability, race, color, religion/religious beliefs, sex, sexual orientation, gender identity or expression, age, or national origin. This policy will prevail in all matters concerning Governing Board, District employees, students, the public, educational programs and services, and individuals with whom the Board does business.

Inquiries concerning Title VI, Title VII, Title IX, Section 504, and Americans With Disabilities Act may be referred to EEO Compliance Officer, 1010 East 10th Street, Tucson, Arizona 85719, (520) 225-6444, or to the Office for Civil Rights, U.S. Department of Education, Cesar E. Chavez Memorial Building, 1244 Speer Boulevard, Suite 310, Denver, Colorado 80204-3582.

Who is Tucson Unified School District (TUSD)?

Tucson Unified School District is located in Tucson, Arizona, and covers 250 square miles. Founded in 1867, TUSD is the largest school district in southern Arizona with over 100 schools and specialty programs including Magnet, Two-way Dual Language, Gifted and Talented (GATE), Advance Placement, and more. With over 40,000 students and 90 languages represented, we provide a well-rounded and supportive environment that focuses on nurturing the whole child, academically, intellectually, and socially at each of our amazing PreK – 12-grade schools.

Our School's Programs

Advanced Learning Education (ALE) – Tucson Unified School District is committed to improving the academic achievement of all students enrolled at the District by providing equal access to the District's Advanced Learning Experiences. TUSD offers a range of advanced learning experiences for students which includes Advance Academic Courses, Advanced Placement, Advanced Via Individual Determination, International Baccalaureate,Dual Credit Courses, Gifted and Talented Education, and University High School.

Advanced Academic Courses (AAC) – Advanced Academic Courses prepare students to take Advanced Placement and International Baccalaureate courses, which are a gateway to college readiness and success. These courses provide culturally and personally relevant activities designed to engage students in problem solving, academic discourse, and critical analysis. Advanced Academic Courses taken in grades 6-10 include the following classes: middle school classes offered for high school credit; and all academic classes currently referred to as "Honors," "Advanced," or "Accelerated." For example, these courses include accelerated math in 7th grade, high school algebra in 8th grade, and honors and/or GATE language arts, science, and social studies courses.

Advanced Placement (AP) – Advanced Placement courses enable high school students to take introductory college-level classes. Students who score well on AP exams are more likely to persist in college and earn a college degree. Students earn college credit for taking an AP class and successfully completing the AP exam for that course, saving tuition costs, saving time, and giving students a head start on their college journey.

Advancement Via Individual Determination (AVID) – Advancement Via Individual Determination is a school-wide college and career readiness system. AVID is designed to increase the number of students who enroll and succeed in higher education and in their lives beyond high school. The AVID College Readiness System is the only elementary through higher education instructional system (K-12), which allows for regional alignment that strengthens student potential for completion. AVID-trained educators teach students academic and social skills to help them develop the habits and behaviors needed to succeed in rigorous curriculum. The AVID College Readiness System is a catalyst for developing a school culture that closes the achievement, expectation, and opportunity gaps many students face, and it prepares all students for success in a global society.

Dual Credit Courses with Pima Community College and University of Arizona – Dual Credit is a process by which a high school junior or senior enrolls in a college course and receives simultaneous academic credit from both the college and the high school. Recent studies prove that dual credit programs can help the transition from high school to college, and improve students' college attendance and graduation rates. TUSD offers several high school courses in which students receive both high school and college credit. Students have access to college-level professors, develop important time management and study skills, and improve their chances of being admitted to college!

Gifted and Talented Education (GATE) – At Tucson Unified, we recognize that gifted students have special educational needs that should be met within the context of educating the whole child through a variety of services and options. The role of the Gifted Education program is to:

- Identify the particular abilities and needs of these students.
- Challenge students functioning at the highest level of ability.
- Encourage underachieving students who are capable of the highest performance.
- Promote higher level creative and productive thinking skills throughout the district.
- Promote creative or productive achievement.

The District is committed to providing all students enrolled at the District with equal access to the District's Gifted and Talented Education program.

International Baccalaureate (IB) – The International Baccalaureate aims to develop inquiring, knowledgeable and caring young people who help to create a better and more peaceful world through inter-cultural understanding and respect. To this end the organization works with schools, governments and international organizations to develop challenging programmes of international education and rigorous assessment. These programmes encourage students across the world to become active, compassionate and lifelong learners who understand that other people, with their differences, can also be right. The IB Diploma Programme is designed as an academically challenging and balanced programme of education with final examinations that prepares students for success at university and life beyond. The programme is taught over two years and has gained recognition and respect from the world's leading universities.

University High School (UHS) – University High School is a nationally recognized, highly ranked, college preparatory high school that offers an advanced and rigorous academic curriculum in a highly supportive environment. UHS offers a full range of academics, fine arts, and athletics, while supporting many school clubs and activities that provide students a balanced and well-rounded high school experience. The vast and varied opportunities at UHS prepare students extremely well for college.

Career & Technical Education (CTE) – Career and Technical Education is a vocational training program that prepares students for workforce success and continuous learning. This program provides premier life experience prior to making any decisions after high school. CTE ensures a dynamic workforce by fully developing every student's career and academic potential.

Dual-Language – Two-Way Dual language incorporates each student's linguistic and cultural attributes into a total learning experience producing individuals who will be full participants in our global society while continuing to preserve, manifest and enjoy their own cultural uniqueness.

Magnet Programs – Tucson Unified School District is committed to recruiting a racially and ethnically diverse student body to its magnet schools and programs to ensure that the schools are integrated to the greatest extent practicable. Magnet Programs are the original public school choice option, providing families with ways to meet the individual learning styles and interests of their children. Tucson Unified School District has a comprehensive magnet school program that offers the Tucson community optimum choices for public school education. Magnet programs are an essential component of the District's effort to support integration, increase academic achievement, increase graduation rates and increase parent engagement.

Opening Minds through the Arts (OMA) – Opening Minds through the Arts is a student achievement and school improvement program, a homegrown and nationally recognized innovative approach to learning. Our mission is to creatively serve the educational needs of children. It is grounded in brain-based research, multi-intelligence theories, and the neurological development of children. Supporters' resources go directly to student services within our community.

School Garden Network – TUSD's School Garden Network in partnership with the University of Arizona Community & School Garden Program supports schools gardens across the district by providing resources to help grow and sustain school gardens as well as use of school gardens as an extension of the classroom to support academic growth and social emotional learning. This support includes garden installation and maintenance, professional development for school garden curricular integration, food literacy education, and school garden interns that provide upwards of 10,000 hours of service a year providing garden enrichment across TUSD schools.

ELEMENTARY SCHOOLS

TUCSON UNIFIED
SCHOOL DISTRICT

Banks Elementary School

3200 S. Lead Flower Ave.
BanksES.tusd1.org
(520) 908-5700

Banks Elementary cultivates strong individuals that engage in nature and learn how to be part of a pack, which harkens back to the bobcat, Banks' school mascot.

We emphasize the positive traits of the bobcat, who is independent, yet family-oriented. Our teachers furnish expectations by sharing goals and objectives in order to help explain how each lesson builds toward those goals. When our parents join our Banks Bobcat Pack, they regularly meet with teachers in order to stay involved.

We are a strong community of teachers, students, staff, parents, and volunteers that create a welcoming, positive learning environment; which promotes academic excellence for all, recognizing individual needs of students.

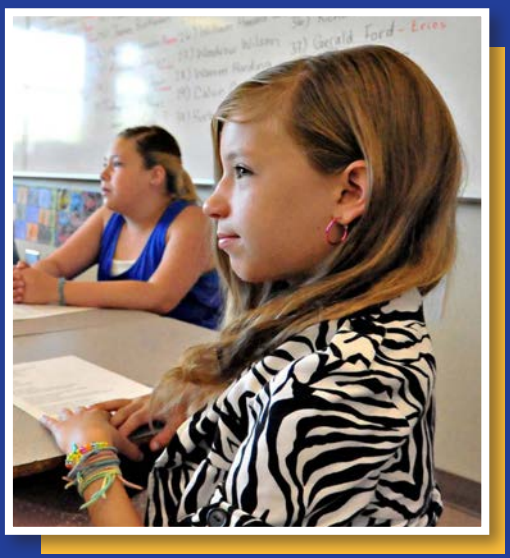

Blenman Elementary School

1695 N. Country Club
BlenmanES.tusd1.org
(520) 232-6500

Welcome to Blenman Elementary School! Here at Blenman Elementary we strive to bring a unique and special experience to each of our students. Teachers collaborate in weekly meetings at every grade level to incorporate new methods to promote student success. The main goal of Blenman Elementary is to provide our students with the skills that will help them blossom into independent thinkers.

At Blenman Elementary our students are provided an exciting classroom experience filled with a variety of hands-on experiences. We pride ourselves in opening the minds of our students through art as an OMA Gold School. We incorporate music, art, dance, gardening and so much more!

As a Ben's Bells Kind Campus, Blenman students and staff pledge to Be Kind, Be Respectful, and Be Responsible. We encourage you to visit our campus today!

Bloom
elementary school

Bloom Elementary School

8310 E. Pima St.
BloomES.tusd1.org
(520) 731-3700

At Bloom, we believe in teaching and nurturing the whole child. We strive to help children build character by focusing on three areas: behavior, self-reflection, and setting academic and personal goals.

We feature the only Two-Way Dual Language program on the east side of Tucson. As our students progress through this program, they become bilingual and bi-literate in both English and Spanish.

Bloom is an Opening Minds Through the Arts school. In our OMA Gold program, students benefit from the power of arts-integrated classes such as Opera, Dance, Band, and Orchestra, among others. Our Arts Integration Specialist Teacher collaborates with classroom teachers to ensure that our children's math and literature content knowledge is reinforced and enhanced through the fine arts.

BONILLAS
Traditional Elementary Magnet School

Bonillas Traditional Elementary Magnet School

4757 E. Winsett Blvd.
BonillasES.tusd1.org
(520) 232-6600

Bonillas Traditional Elementary Magnet School embraces a theme of traditional academics with a sequentially structured academic program devoted to helping all students consistently achieve the highest possible competence in basic skills, develop creative ability, grow in citizenship, build desirable attitudes and loyalties, assume responsibility for personal behavior, develop pride in high individual achievement, and learn the values of teamwork, cooperation and social competence.

MAGNET PROGRAMS

Borton Elementary Magnet School

700 E. 22nd St.
BortonES.tusd1.org
(520) 225-1000

Borton Magnet School provides an inclusive environment that promotes equity and access for all students to maximize their academic, social and emotional development. Through the use of Project Based Learning and Systems Thinking, students learn to ask big questions and engage in authentic, real world learning to become change makers, creators of new knowledge and stewards of the earth.

Borton serves students in kindergarten through fifth grade, with special emphasis on project-based learning, systems thinking, literature, fine arts, and outdoor learning. Borton's magnet programs offer students and parents choices and educational opportunities beyond those found in other schools.

MAGNET PROGRAMS

Carrillo Elementary Magnet School

440 S Main Ave.
CarrilloES.tusd1.org
(520) 225-1200

Carrillo K-5 Communication and Creative Art Magnet School is a nationally recognized, Certified Magnet Demonstration school that has been recognized as an A+ School of Excellence. We are a diverse school, located in the heart of downtown in historic Barrio Viejo. Our magnet infused curriculum is designed to teach students 21st Century skills through arts-integrated thematic units.

In addition to mastery of the Arizona College and Career Ready Standards through rigorous project-based learning units, students participate in fine and performing arts, and technology specialist classes weekly which directly connect with core learning experiences.

MAGNET PROGRAMS

Cavett Elementary School

2120 E. Naco Vista Dr.
CavettES.tusd1.org
(520) 225-1300

Cavett is committed to academic excellence and bringing parents and the wider community together to work toward educational, personal, and social goals. Our staff provides support and encouragement to each student and works to make the school a safe, warm environment where children are comfortable learning.

Cavett is an Innovation Zone school, which means it is part of a Tucson Unified program designed to transform schools to become models for education in the district and the state. The program is a partnership with the University of Virginia schools of leadership and education, and provides intensive training to teachers and administrators.

The mission at Cavett is to promote a nurturing and enriching environment where every student develops the skills, abilities and attitudes necessary to achieve academic success and social responsibility in order to soar in the 21st Century.

GIFTED AND TALENTED EDUCATION

Collier Elementary School

3900 N. Bear Canyon Rd.
CollierES.tusd1.org
(520) 584-4800

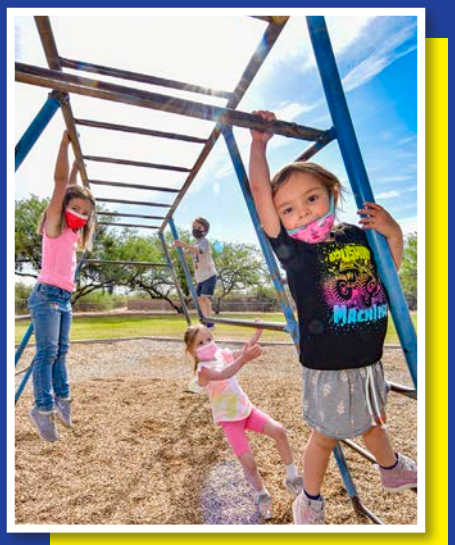

Collier Elementary School is nestled near the Catalina mountains making its positive, supportive environment all the more special. Children at Collier are taught to think and problem solve, to communicate and to function sensitively and successfully in a complex, changing, and culturally diverse world. Collier kids are "Caring Cougars." They practice kindness and the 4 B's: Be safe, Be Responsible, Be Respectful and Be Caring.

The school has strong parent and community partnerships to support students' academic, social, and emotional growth. These include enrichment activities and family friendly activities.

Additionally, Collier hosts a Community School, which provides outstanding preschool and after school programs.

Cragin Elementary School

2945 N Tucson Blvd.
CraginES.tusd1.org
(520) 232-6700

Cragin is an Opening Minds through the Arts (OMA) school, where students participate in arts integration activities including visual arts, dance, choral and instrumental music. Our committed educators are also dedicated to providing rigorous literacy and math blocks, individualized education programs that utilize technology to enhance the delivery of science, and social studies, and overall academic growth of each student that walks our halls.

The Cragin family consists of a diverse population. The school prides itself on creating a sense of belonging by encouraging the student voice and sharing multicultural experiences, true equity work requires effort by all. Being a Cragin Cougar means you commit to being respectful of people from all backgrounds.

We have also partnered with Harvard University's RIDES Institute to promote equitable systems on campus.

Davidson Elementary School

3950 E. Paradise Falls Dr.
DaivdsonES.tusd1.org
(520) 232-6800

At Davidson Elementary, parents, teachers, staff and students work together to help students love learning. Davidson celebrates the diversity of its students through high expectations, academics, the arts, technology, and inclusivity, fostering meaningful relationships in a nurturing environment to help students realize their dreams

At Davidson, we believe strongly in the benefits of inclusive education for all students. All students' needs are met within the general education setting. Classroom teachers and exceptional education teachers collaborate to provide a co-teaching model. This results in higher expectations, greater academic outcomes, and increased social and emotional skills for all students.

Davis Elementary Magnet School

500 W. St Mary's Rd.
DavisES.tusd1.org
(520) 232-1400

At Davis we celebrate diversity, with a Magnet focus that provides children with a bilingual curriculum and emphasizes the beauty of diverse cultures as well as an awareness of social justice themes. The specialists' classes of Music, Art, P.E., and Library support language learning through a hands-on curriculum. Teachers enrich the curriculum by incorporating the school's garden and aquaponics system into teaching units so that learning takes place inside and outside classrooms.

We cordially invite you to visit and observe Davis' nurturing environment which is focused on supporting academic and emotional growth in children. At Davis we are building community.

LENGUAJE DUAL DE DOBLE VÍA
DUAL
TWO-WAY DUAL LANGUAGE

MAGNET PROGRAMS

Dunham Elementary School

9850 E. 29th St.
DunhamES.tusd1.org
(520) 731-4200

Dunham students' math and ELA scores are among the highest in the district. Teachers provide student interventions and enrichment based on assessment data to meet the needs of individual learners. We emphasis on collaboration, research-based instruction, and achievement.

Parents are a prominent part of the equation and are encouraged to participate in the school community. Teachers send home newsletters about what is happening in the classroom.

OMA

GATE
GIFTED AND TALENTED
EDUCATION

Erickson Elementary School

6750 E. Stella Rd.
EricksonES.tusd1.org
(520) 548-5000

Erickson teachers and administrators believe children are more open to learning in a school where they feel appreciated, respected, and successful. We are a learning community committed to collaborating with students, families, and stakeholders to support the academic, social, and developmental needs of every individual learner. This warm and supportive environment allows us to focus on academic achievement as well as social-emotional growth and well-being.

Erickson focuses on students, families, and the community to support lifelong learners through successful school experiences that foster self-confidence and promote academic success in our neighborhood school community.

Our school community includes a preschool program and Opening Minds through the Arts (OMA) teachers.

Ford Elementary School

8001 E. Stella Rd.
FordES.tusd1.org
(520) 731-4300

Ford's purpose is to foster a love of learning for all students by teaching them to question the world in a caring and safe environment. Our students become kind communicators and socially responsible problem solvers with a lifelong quest for knowledge.

Teachers will inspire, monitor and guide students' production of original works, create confident lifelong learners who are driven, culturally aware, and passionate about their future.

Fruchthendler Elementary School

7470 E. Cloud Rd.
FruchthendlerES.tusd1.org
(520) 731-4400

At Fruchthendler Elementary School, we have created a safe, loving, learning environment where our students and staff thrive. Our highly qualified, certified teachers are experts in teaching children how to succeed.

Fruchthendler has a history of strong community and parent involvement. Our parents are partners in sustaining high academic standards. We promote positive behaviors that respect the learning needs and effort of each student.

GIFTED AND TALENTED EDUCATION

GALE
Elementary School

Gale Elementary School

678 S. Gollob Rd.
GaleES.tusd1.org
(520) 731-4400

Gale Elementary School operates like a family, supporting students academically, socially, and emotionally. We emphasize respect and high-expectations for our students to provide a well-rounded academic education, to include the foundational subjects of reading, writing, language arts, math, science, social studies, health, and more." Our school sets high academic goals, while remembering that our charge is to fully nurture well-rounded students.

We value the importance of physical education, fine arts, and music in supporting our students' learning and development. If you are looking for an optimal learning environment, this is it!

Become a Gale Tiger!
Once a Tiger, always a Tiger!

GRIJALVA
Elementary School

Grijalva Elementary School

1795 W. Drexel Rd.
GrijalvaES.tusd1.org
(520) 908-3600

Grijalva Elementary, named after Arizona Congressman Raul M. Grijalva, is located in Midvale Park. We are a Pre K-5 school with a bilingual strand at each grade level.

Our vision is to inspire curiosity while developing independence in thought and action for all students.

The Grijalva School Community promotes the success of all children by supporting the academic and social emotional needs of our student. As an OMA school, our students engage in integrated visual arts experiences and have the opportunity to participate in Band or Orchestra in 4th and 5th grade. We also partner with the University of Arizona to provide weekly music lessons for all students.

We value a caring culture that extends to families and the community. We partner with Intermountain Centers, Reading Seed, Make Way for Books, Pima County Food Bank, Higher Ground, and to meet the diverse needs of our students and families.

HENRY
Elementary School

Henry Elementary School

650 N. Igo Way
HenryES.tusd1.org
(520) 731-4700

Henry Elementary School is a Kind Campus. We are also an OMA Gold School that focuses on teaching the whole child by providing an enriched learning environment packed with fine arts and diverse cultural experiences that build a strong sense of school community.

We practice our "4 B's": Be safe, Be respectful, Be responsible and Be kind. This mindset is the vision for students to become respectful and responsible citizens that are lifelong learners. We strive to reach Every child, Every opportunity, Every day... whatever it takes to help all students find success!

Holladay Elementary Magnet School

1110 E. 33rd St.
HolladayES.tusd1.org
(520) 225-1600

With the motto, "Where the Arts Come Alive!", Holladay's Creative Mindset framework focuses on the creativity and artistry in all our students.

Holladay's mission is to integrate visual and performing arts to such a degree that it fosters creativity, equity, cultural responsiveness, and innovation.

Holladay's Magnet Program provides access and opportunities to all students to learn in a fully art integrated and technology rich in an equitable and diverse environment. The core values in the community center around Love, Family and Community, Creativity, Cultural Relevance, Leadership, and Innovation.

MAGNET PROGRAMS

Peter Howell
Elementary School

Howell Elementary School

401 N. Irving Ave.
HowellES.tusd1.org
(520) 232-7200

Peter Howell Elementary School prides itself on offering a well-rounded education to include rigorous academics, athletics, and the arts. Howell is a GATE Cluster School and an Opening Minds Through the Arts (OMA) Gold School. Howell offers after school sports, such as cross country, basketball, track, and kickball, and after school clubs, such as Kind Club and choir.

Howell Hawks SOAR with 4! Their motto includes Show Respect, On time and ready to learn, Act safely, Responsible always. Howell is also a Ben's Bells Kind School, and uses every opportunity to promote respect and kindness.

GIFTED AND TALENTED
EDUCATION

HUDLOW
ELEMENTARY SCHOOL

Hudlow Elementary School

502 N. Caribe Ave.
HudlowIES.tusd1.org
(520) 731-4800

Hudlow Elementary is a wonderful place for children to start their education. With a small student body coupled with a dedicated group of teachers, administrators and support staff, the campus offers a family-like atmosphere where each student feels safe, appreciated and encouraged to succeed. Through dedication and hard work, our school has won awards for attendance, academic improvement and other educational achievements.

Students are encouraged to work collaboratively every day in class. When teachers ask questions, children know to turn to each other to find the answers.

Teachers work together, sharing student test scores, strengths and areas needing improvement. Hudlow teaches at the individual level to ensure that all students get what they need.

We are always asking ourselves, "What is the best I can be?" and "Is this quality work?"

OMA

Johnson Primary School

6060 S. Joseph Ave.
JohnsonK3.tusd1.org
(520) 908-3800

As Tucson Unified's only primary school serving PreK to 3rd Grade, Johnson has a focus on early language, early cognitive development and, as needed, early intervention. The school puts the children first under the motto: "Teach the child, not the program." Teachers work to build relationships and knowledge beyond textbooks and to connect students to their learning.

Johnson is the only Tucson Unified school and one of only five in Arizona that is only Pre-kinder to 3rd Grade.

Kellond Elementary School

6606 E. Lehigh Dr.
KellondES.tusd1.org
(520) 584-5100

Kellond is building an inclusive community to promote academic success and inspire lifelong learners to become a diverse community where all students achieve their full potential through meaningful relationships, and rigorous, enriched instructional practices.

We are proud to be an Opening Minds through the Arts (OMA) Gold school by integrating visual and performing arts into the grade level curriculum as well as a Gifted and Talented Self-Contained school with specialized strategies and environments for grades Kindergarten through Fifth. We have a child-centered sense of community that fosters social emotional growth and celebrates family engagement.

Lineweaver Elementary School

461 S. Bryant Ave.
LineweaverES.tusd1.org
(520) 232-770

At Lineweaver, a positive attitude begins first thing in the morning. Our daily announcements recognize the positive and kind actions our students do.

Excellence is the goal at the school, and teachers and students work hard to attain it. We are an Opening Minds through the Arts (OMA) school, which means visual and performing arts are integrated into the curriculum.

We have a variety of before and after school programs that include athletics and clubs; there is something for everyone!

Lineweaver is also one of a few Tucson Unified schools with a self-contained gifted program in Kindergarten through fifth grade.

GATE
GIFTED AND TALENTED
EDUCATION

Lynn-Urquides Elementary School

1573 W. Ajo Way
LynnUrquidesES.tusd1.org
(520) 908-4000

Lynn Urquides is academically based and family centered. We are committed to fostering personal growth, maintaining high expectations, and ensuring that all children are in an environment that will nurture their learning.

At Lynn Urquides, teachers differentiate their lessons to the meet the needs of the student. Student collaboration promotes the advancement through the curriculum. Lynn Urquides engages the community and welcomes parents to be actively engaged in their child's learning experience.

Maldonado Elementary School

3535 W. Messala Way
MaldonadoES.tusd1.org
(520) 908-4100

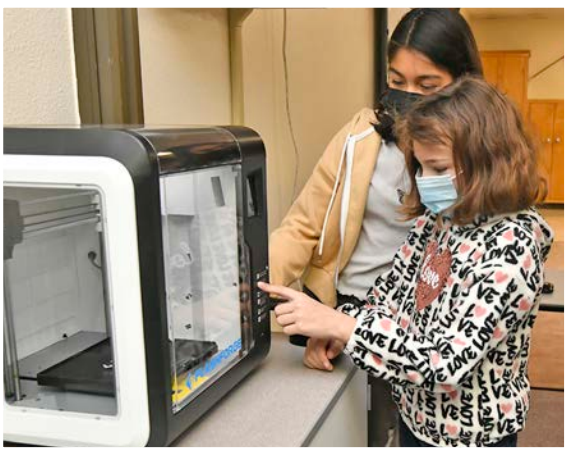

We teach our children the value of college and career from day one, working with them, practicing communication skills and self-advocacy so they can achieve their dreams.

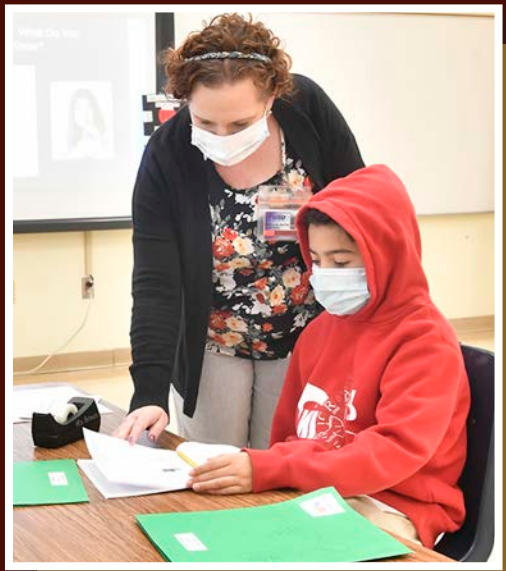

Our vision at Maldonado Elementary is for all students to achieve their full potential in a safe, inspiring and challenging learning environment.

We are committed to building partnerships with our families. Families are encouraged to take part in their child's education. We offer many opportunities for you to be active and engaged.

ManzoES.tusd1.org
(520) 225-1901

At Manzo Elementary School, we empower children to be future leaders that are ecology mindful of our planet. With innovative math and science initiatives that take place through the experiences and lessons in our hands-on ecology projects in our onsite garden, greenhouse and animal habitat.

Our students develop into critical thinkers, problem solvers and lifelong learners with an emphasis on taking care of our precious resources. We offer all children leadership development, hands-on learning, ecology focused education, and English language development for grades Pre K-5.

From the time students enter Pre K, to their high school graduation, students are able to follow an ecology based learning track that will serve them well in life. Manzo Elementary develops the whole student – preparing each child for greater heights of education, achievement and global citizenship.

MARSHALL ELEMENTARY

Marshall Elementary School

9066 E. 29th St.
MarshallES.tusd1.org
(520) 731-4900

Marshall Elementary strives to inspire kindness, compassion, and courage in our students. Our community of staff, families, and students work to provide a safe environment where academic excellence and social/emotional well being are our goal.

Marshall honors diversity and embraces the opportunity to learn from each other with mutual respect and integrity.

OMA

MILLER
MUSTANGS

Miller Elementary School

6951 S Camino de la Tierra
MillerES.tusd1.org
(520) 908-4200

Miller Elementary is committed to maintaining a positive learning community where students develop the knowledge, skills and attitudes necessary for contributing to a multi-cultural society.

Our teachers are passionate about building relationships with their students and families. They are committed to integrated curriculum where reading, writing, math and science lessons incorporate each of the other subject matters.

Our vision is to create an environment where students' academic, physical, social and emotional growth are promoted and nourished by the school community in a culturally relevant manner, preparing them to be successful lifelong learners.

OMA

Mission View Elementary School

EDUCATION

Ochoa Community School

101 W. 25th St.
OchoaES.tusd1.org
(520) 225-2400

Ochoa Community, a school where learning revolves around real world challenges and is highly contextual and individualized.

We don't simply teach the WHERE and WHEN but go much deeper. We challenge our scholars to ask the WHY and HOW. With this approach, our children understand more, and have a broader perspective not easily found in other academic environments. Ochoa scholars are more curious, more introspective, and gain valuable insight into their own heads and hearts.

Oyama Elementary School

2700 S. La Cholla Blvd.
OyamaES.tusd1.org
(520) 225-5700

Oyama Dragons are STARS in Reading, Writing, Math and Science! We are a Kind Kid's school. Students and staff work every day to ensure that diversity is celebrated, and every child is given equal opportunities to learn and grow academically, emotionally, and socially.

Oyama students are exposed to STEM (Science, Technology, Engineering and Math) through an on-site dedicated STEM Lab. Through inquiry-based instruction students go weekly to the lab to explore, create and work on projects Teachers encourage students to bounce ideas off each other and come up with their own conclusions.

Oyama believes that the best learning occurs when out in the real world. To do this Oyama takes multiple field trips a year. Our culminating trip is with fifth graders to the Grand Canyon for three days each year. This trip in part is made possible by active supportive Parent Teacher Organization (PTO).

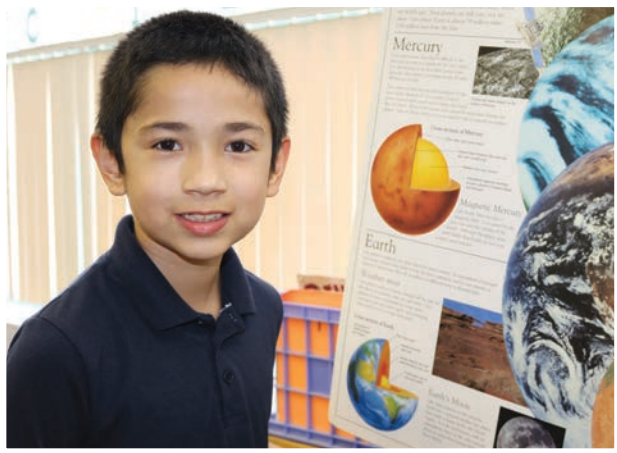

Robison Elementary School

2745 E. 18th St.
RobisonES.tusd1.org
(520) 232-7800

Robison offers an inquiry based curriculum which develops knowledgeable and caring students who help create a more peaceful world through intercultural understanding and respect.

Robison uses an inquiry cycle in science and other areas to help students learn how to ask questions, problem-solve, and take action. Our students are taught to collect, synthesize, and analyze information and work cooperatively with others to be prepared for the changing world in the 21st Century.

Sam Hughes Elementary School

700 N. Wilson Ave.
SamHughesES.usd1.org
(520) 232-7400

Sam Hughes Elementary School challenges students academically and promotes leadership, character-building and perseverance. We pride ourselves in building empathy and community strength through Positive Behavior Intervention and Supports.

Curiosity and inquiry are encouraged at Sam Hughes, and the goal is to teach children to be lifelong learners who act locally and think globally.

Sam Hughes has a strong community that supports the students, teachers, and the school. Parents are involved in all aspects of the school, as are members of the Sam Hughes community.

Sewell Elementary School

425 N. Sahuara Ave.
SewellES.tusd1.org
(520) 584-7200

Sewell Elementary has consistently been rated as one of the top elementary schools in Tucson Unified School District. Sewell provides instruction and learning opportunities in science, technology, math, language arts, social studies, the arts and physical education. Sewell is centrally located.

WhitmoreES.tusd1.org
(520) 232-8000

Whitmore Elementary School has a dedicated teaching staff that works diligently to help children be successful. The school offers an integrated curriculum where reading, writing, math and science lessons incorporate each of the other subject matters.

Whitmore teachers and staff differentiate instruction to assure each student is successful within instruction tailored to his or her specific needs. Whitmore gives students an opportunity to integrate many different and authentic experiences into their learning.

Wright Elementary School

4311 E. Linden St.
WrightES.tusd1.org
(520) 232-8100

Wright's students are always encouraged to be curious and explore their ideas. Students aspire to learn in a positive, supportive environment filled with hands-on activities. Students are taught to think and problem-solve, to communicate, function sensitively and successfully in a complex, changing and culturally diverse world.

Our mission at Wright, in partnership with parents and Wright's community, is to future Arizona future scientists, technologists, engineers, artists, and mathematicians.

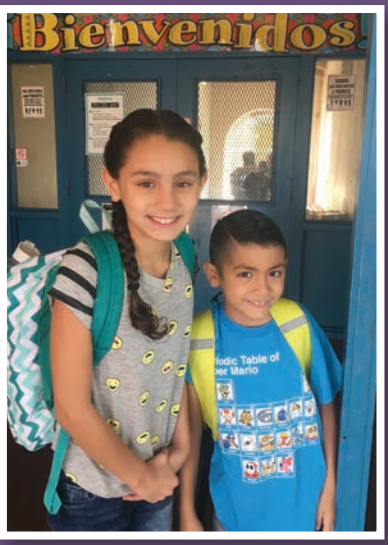

K-8 SCHOOLS

TUCSON UNIFIED
SCHOOL DISTRICT

Booth-Fickett K-8 School

450 S. Montego Dr.
BoothfickettK8.tusd1.org
(520) 731-3800

Booth-Fickett Math & Science School is a comprehensive K-8 school community, which provides a positive learning environment to encourage students to become lifelong learners and educated contributors to our global society. The environment at Booth-Fickett focuses heavily on math, science, and technology. Our scholars all complete projects for our annual SARSEF Science Fair.

We offer advanced courses in math and science that allow our scholars to obtain high school credit. We are a school-wide AVID campus. Our AVID program assist scholars in preparing academically for college success.

Borman K-8 School

6630 E. Lightning Dr.
BormanK8.tusd1.org
(520) 584-4600

Borman K-8 School is located on Davis-Monthan Air Force Base and serves our military families. Teachers and staff at Borman K-8 strive to inspire our future leaders through dedication to excellence in academics, promoting resilience, encouraging independent thinking, and by embracing diversity. We provide an environment where all students, parents, and staff feel welcomed, respected, and are essential members of the Borman community.

Motto: "Borman Astros are responsible, respectful, safe, and kind.

Dietz K-8 School

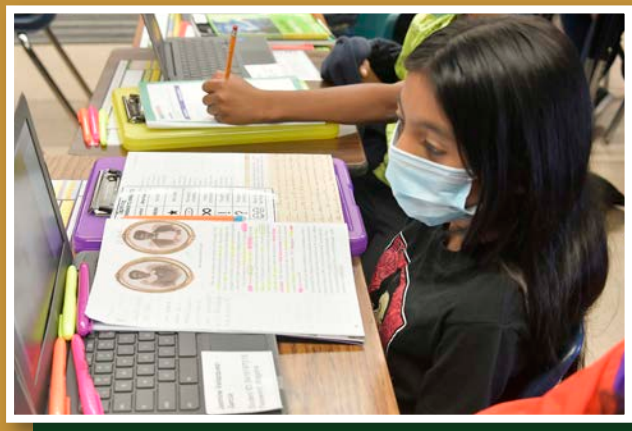

7575 E. Palama St.
DietzK8.tusd1.org
(520) 731-4000

At Dietz K-8, our mission is to create a safe and successful learning environment where we empower students to be life-long learners. We strive to provide a diverse curriculum to meet the academic, cultural, and social needs of our community.

We value each child's learning experience and will work to support and nurture our students.

Drachman K-8 Magnet School

1085 S. 10th St.
DrachmanK8.tusd1.org
(520) 225-1500

Drachman Montessori's multi-age classes result in student collaboration and peer teaching. Children are challenged and motivated by witnessing higher-level learning. Students hone their academic and leadership skills by teaching others.

Montessori materials are essential to our student's success. With the use of hands-on Montessori learning materials, abstract concepts become more concrete. Children experience higher level learning at a younger age, moving toward abstraction with fluidity.

Hollinger K-8 School

150 W. Ajo Way
HollingerK8.tusd1.org
(520) 225-1700

It is the mission of our school to help each and every child realize his or her full potential and become a productive and responsible citizen and lifelong learner who is able to use technology effectively and appreciate the multicultural society in which we live as we prepare for the challenges presented by the 21st century.

Our vision is to prepare our students for a bilingual future, with the ability to: collaborate, problem-solve, be creative, and be critical thinkers. We will ensure the success of all students through the delivery of a high-quality standards-focused curriculum which enhances the unique qualities of each learner in order to assure that he/she attains the essential knowledge and skills necessary to move to the next grade level and stay on track for college and career.

Maxwell K-8 School

2802 W Anklam Rd.
MaxwellK8.tusd1.org
(520) 225-2000

Morgan Maxwell's caring teachers create an environment where every child has the opportunity to succeed. The school offers rigorous core courses at every grade level as well as electives for children with all types of interests, such as interscholastic sports, astronomy, and arts.

Every Morgan Maxwell classroom is equipped with a Promethean Board, Document Camera, and student computer workstations. There are also two computer labs which are accessible to all students to enhance their learning.

Maxwell uses teams to help keep students on track and moving forward. Our team include teachers, counselor, MTSS coordinator, dean, curriculum service provider and the principal. The team approach and outreach create a supportive environment where children strive to do their best.

Miles Exploratory Learning Center

1400 E Broadway Blvd.
MilesK8.tusd1.org
(520) 225-2201

Miles takes a collaborative approach to education, involving parents, faculty and the community in decisions about the school. Students also work together in the classroom. Multi-age, multi-level classrooms allow students to stay in the same room for two to three years. This helps them build confidence and enables teachers to offer more challenging material as children progress. Students with hearing differences are co-enrolled in all grade levels.

The goal at Miles is to create a community of learners. Reading, writing and math skills are developed through hands-on activities and inquiry-based instruction, and programs such as fine arts and the school's Green Project enhance the school's curriculum.

Pueblo Gardens
PreK-8 School

Pueblo Gardens K-8 School

2210 E. 33rd St.
PuebloGardensK8.tusd1.org
(520) 225-2700

Pueblo Gardens is a neighborhood PreK-8 school close enough to most our families that many children walk to school or are within easy driving distance.

The school has a collaborative culture with Academic Parent Teacher Teams that meet quarterly. At these meetings families review their students' data, collaboratively create achievement goals, and learn strategies to help students meet those goals.

Our school has cultivated several important partnerships including those with our local Boys and Girls Club, the Community Food Bank, and the Living Streets Alliance. These partners help us meet our families' needs whatever the situation.

Here at Pueblo Gardens, we believe that through collaborative efforts we will inspire, encourage, and foster independent and empowered thinkers and leaders.

ROBERTS-NAYLOR
K-8

Roberts-Naylor K-8 School

1701 S. Columbus Rd.
RobertsNaylorK8.tusd1.org
(520) 584-6800

Roberts-Naylor continues to strive for academic excellence with its strong Gifted and Talented Education (GATE) classes in elementary, advanced classes for middle school and high school credit classes offered on site for eighth graders. All classes are taught by our highly accredited certified teachers.

At Roberts-Naylor, children have the opportunity to learn with certified GATE teachers in a classroom with peers that have the same like-mindedness for exploration, rigor, and critical diverse thinking. GATE classes begin in kindergarten teaching students to become divergent and convergent thinkers. Instead of the traditional method where students are pulled out by a GATE teacher one day a week, your child would receive GATE instruction every day, all day!

(520) 225-3800

Wakefield Middle School is an Advanced Academic Coursework campus (AAC). We prepare students to take Advanced Placement and International Baccalaureate courses offered at University High School, Cholla High School, and Pueblo High School.

At Wakefield, each class is either Accelerated or Honors and serve as a gateway to not only high school, but college and career readiness and success. These courses provide culturally and personally relevant activities designed to engage students in problem solving, academic discourse, and critical analysis through a Project Based Learning (PBL) lens.

AVID®

Cholla High School

2001 W Starr Pass Blvd.
ChollaHS.tusd1.org
(520) 225-4000

Cholla is the only high school in TUSD and the first in Pima County to offer the prestigious International Baccalaureate Diploma Programme, which can earn students up to 36 college credit hours as well as significant scholarships. Cholla students can also earn college credits through dual enrollment and Advanced Placement classes. Cholla is an AVID Schoolwide Site of Distinction and offer classes that allow students explore career options through CTE/JTED offerings and JROTC (Army).

At Cholla, students are taught to take risks in learning and respect the learning of others, practice persistence, demonstrate responsibility, embrace international-mindedness, and build leadership in themselves and others. Cholla seeks to transform students into 21st Century global citizens able to communicate across cultural barriers and to function in a global society.

Innovation Tech High School

3300 S. Park Ave.
InTechHS.tusd1.org
(520) 372-8700

Innovation Tech High School's mission statement is we are a cutting-edge, collaborative learning environment that empowers students with a strong foundation to become problem solvers and innovative leaders for evolving career pathways with business and industry stakeholders. Teachers connect the students with the curriculum through project-based learning.

Our school offers students the following career and technical courses: Comprehensive Healthcare Tech, Culinary, Drone/FAA Aviation, Engineering, 3D Animation/Game Design, Automation/Robotics, and Healthcare Foundations. Students can receive their high school diploma, dual enrollment college credits, and JTED completion certificates in a variety of career focused electives.

Palo Verde High Magnet School

1302 S. Avenida Vega
PaloVerdeHS.tusd1.org
(520) 584-7400

Consistent with our mission, vision, and values, Palo Verde students continue to grow in skills, knowledge, and critical thinking abilities, while preparing to compete and succeed in a global economy. The students, staff, families, and community are bound together in a climate where diversity is appreciated. Palo Verde's STEAM Programming not only increases engagement and motivation, but promotes a growth-mindset, collaboration, problem-solving skills, and the capacity to take risks.

Our students are expected to take a positive, active role in their community, where they can be kind, open-minded, and reflective members of society. Our vision is to graduate all students with these skills, so they can be successful on whatever path they choose for their future.

SahuaroHS.tusd1.org
(520) 731-7100

Sahuaro High School community prepares every student to be responsible global leaders and lifelong learners. We are a diverse school that expands students' academic skills, encourages global thinking, and prepares students for college and careers.

Our faculty are trained and skilled in providing a culturally responsive curriculum, providing a variety of instructional practices and culturally relevant courses in English and Social Studies to meet the needs of our students. All teachers are members of Professional Learning Communities (PLC) and work together to develop curriculum, share teaching strategies, and develop lessons and assessments.

Sahuaro High School is proud to be a school of diverse students, faculty, and staff that honor our traditions while striving to secure a strong future for our students and our community.

Santa Rita High School

3951 S. Pantano Rd.
SantaRitaHS.tusd1.org
(520) 731-7500

Where EVERY student learns and is valued in a healthy, challenging, and inclusive community.

At Santa Rita, we celebrate being the only small comprehensive high school option in TUSD. With a campus population of approximately 400, students have an individualized learning experience facilitated by compassionate and diverse teaching staff.

With six Career and Technical Education (CTE) program pathways, our students can gain industry certification while earning their high school diploma. Our commitment to college and career readiness is also evident in our various Dual-Credit course offerings with many students graduating with multiple college credits. Santa Rita proudly offers a wide variety of electives, student clubs and extracurricular activities, including performing, visual arts, and both competitive and intramural athletics.

Catalina Online Learning Experience

3645 E. Pima St.
Cole.tusd1.org
(520) 232-8600

Catalina Online Learning Experience serves students in grades 6-12 and gives access to a complete curriculum. We offer scheduling flexibility, provide online access to coursework, and allow students to work at their own pace toward deadlines.

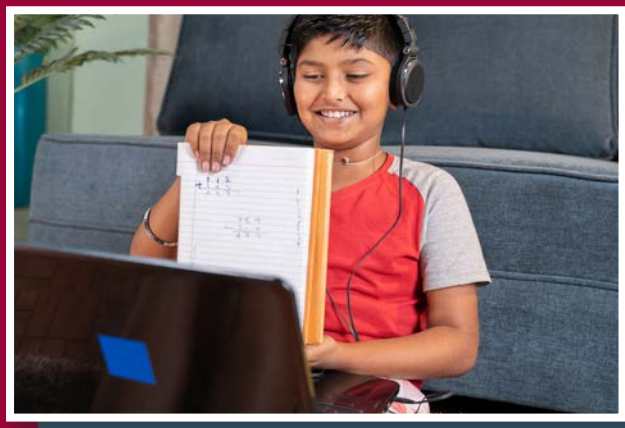

Tucson Unified Virtual Academy K-12

tusd1.org/TUVAK12
(520) 731-7700

In Tucson Unified School District, building an innovative community of learners using the latest technologies is important to us. We believe we will help develop a better world by bringing high-quality teachers with expertise in remote instruction together with students who prefer learning virtually from their homes.

In our virtual academy, students learn remotely while still being a part of their school of choice. This enables students to join their grade peers from across Tucson in an online classroom with expert teachers and support staff to facilitate their academic success. And, students can still participate in the social aspects of their enrolled school, like sports, clubs, and school events.
