

V.G.1.d Policies and Procedure Amendments SY23-34

Governing Board Date	Governing Board Item	Action	Description
10/24/23	Approval of Supplemental Materials for University High School for Spanish, Grade 9 To enrich language acquisition for beginning Spanish learners.	Consent Agenda items 6.2-6.6 approved.	These readers are designed to supplement in class language and vocabulary practice for Spanish. These materials are intended to enhance student engagement at the high school level for beginning Spanish language learners.
12/12/23	Approval of Supplemental Material for ABC Clio for Advanced Placement Social Studies, Grades 9-12 ABC Clio is a digital resource tool.	Consent agenda items 5.2 through 5.13 and 5.15 through 5.18 were approved.	This digital program is being proposed for approval as a resource for students to develop research and source analysis skills in Advanced Placement (AP) Social Studies classes.
3/26/24	To approve "AVID Enrichment 6" which is an elective course designed to support 6th grade students as they transition from 5th grade through the K-6 sites.	Consent Agenda items 6.2 through 6.7, 6.9 through 6.10, and 6.12 through 6.15 were approved.	This course is designed to support 6th grade students as they transition from 5th grade through the K-6 sites. The curriculum will center academic preparedness, opportunity knowledge, and student agency to build skills and confidence to prepare students for secondary academic content and expectations.
4/23/24	Approval of Textbook: for "Western Civilization," for University High School's AP European History course Grade 10.	Consent Agenda items 6.2-6.6 were approved.	"Western Civilization" is a textbook intended for use in the AP European History course. This textbook is a historical narrative with themes of context, changes, comparison, and connection within the topic of European History. This Advanced Placement textbook edition is aligned to the AP European History course framework.
6/4/24	Approval of Engineering and Entrepreneurship Course at University High School, Grades 10-12. Students will study and apply the basics of entrepreneurship.	Consent agenda items 5.2 through 5.11 and 5.16 through 5.17 were approved.	This class requires students to study and apply the basics of entrepreneurship; Idea Generation, Opportunity Evaluation, Planning, Budgeting and Timelines, Product Manufacturing, Quality Assurance, and Growth. This will be accomplished through project-based learning that will meet the needs of customers.
