Q1. My child attends:

Answer Choices	Responses
Elementary School	800
Kinder-8 School	330
Middle School	169
High School	444
Alternative School	18

Q2. Please select your child's elementary school.

Answer Choices	Responses
Banks Elementary School	31
Blenman Elementary School	6
Bloom Elementary School	82
Bonillas Elementary School	66
Borton Elementary School	15
Carrillo Elementary School	12
Cavett Elementary School	24
Collier Elementary School	9
Cragin Elementary School	8
Davidson Elementary School	5
Davis Elementary School	60
Dunham Elementary School	2
Erickson Elementary School	21
Ford Elementary School	13
Fruchthendler Elementary School	31
Gale Elementary School	11
Grijalva Elementary School	12
Henry Elementary School	5
Holladay Elementary School	39
Howell Elementary School	14
Hudlow Elementary School	3
Johnson Elementary School	13
Kellond Elementary School	11
Lineweaver Elementary School	20
Lynn/Urquides Elementary School	2

Maldonado Elementary School	6
Manzo Elementary School	5
Marshall Elementary School	11
Miller Elementary School	5
Mission View Elementary School	45
Myers/Ganoung Elementary School	27
Ochoa Elementary School	1
Oyama Elementary School	3
Robison Elementary School	13
Sam Hughes Elementary School	17
Sewell Elementary School	7
Soleng Tom Elementary School	13
Steel Elementary School	18
Tolson Elementary School	22
Tully Elementary School	10
Van Buskirk Elementary School	2
Vesey Elementary School	10
Warren Elementary School	23
Wheeler Elementary School	8
White Elementary School	23
Whitmore Elementary School	8
Wright Elementary School	7

Q3. Please select your child's K-8 school.

Answer Choices	Responses
Booth-Fickett K-8 School	3
Borman K-8 School	8
C.E. Rose K-8 School	31
Dietz K-8 School	5
Drachman Montessori K-8 School	14
Hollinger K-8 School	17
Lawrence 3-8 School	15
Mary Belle McCorkle Academy	9
Miles Exploratory Learning Center	13
Morgan Maxwell K-8 School	13
Pueblo Gardens K-8 School	4
Roberts-Naylor K-8 School	50
Robins K-8 School	123

Roskruge Bilingual K-8 Magnet School	21
Safford K-8 School	4

Q4. Please select your child's middle school.

Answer Choices	Responses
Alice Vail Middle School	16
Dodge Traditional Magnet School	23
Doolen Middle School	11
Gridley Middle School	16
Magee Middle School	14
Mansfield Middle School	19
Pistor Middle School	11
Secrist Middle School	6
Utterback Middle School	1
Valencia Middle School	26
Wakefield Middle School	26

Q5. Please select your child's high school.

Answer Choices	Responses
Catalina High School	10
Cholla High School	20
Innovation Tech High School	5
Palo Verde High School	37
Pueblo High School	23
Rincon High School	23
Sabino High School	179
Sahuaro High School	36
Santa Rita High School	6
Tucson High School Magnet	65
University High School	40

Q6. Please select your child's alternative school

Answer Choices	Responses
Project Moore	3
Teenage Parent High School (TAP)	0
TUVA	15

Mary Meredith	0
Other	

Q7. I feel welcome and valued as a partner in my child's education at this school.

Answer Choices	Responses
Agree	1645
Disagree	116

Q8. I can easily contact teachers and other staff with information and questions about my child.

Answer Choices	Responses
Agree	1651
Disagree	110

Q9. The school regularly communicates with me about academic and behavior expectations and my child's academic progress.

Answer Choices	Responses
Agree	1534
Disagree	227

Q10. The school provides interpreters for meetings, conferences, and other events when I need them.

Answer Choices	Responses
Agree	708
Disagree	29
Does Not Apply	1024

Q11. The school provides information about how I can support my child's learning at home (teacher newsletters, website, school newsletter, etc.).

Answer Choices	Responses
Agree	1605
Disagree	156

Q12. The school provides advice, information, and resources to help me create a home environment to help my child succeed as a student.

Answer Choices	Responses
Agree	1525
Disagree	236

Q13. I contact my child's school/teacher regularly to discuss academics, behavior, or attendance.

Answer Choices	Responses
Agree	1370
Disagree	391

Q14. I regularly help my child with his/her homework, or ensure my child accesses resources (tutoring, student conference times, online resources, etc.) to support him/her in completing assignments.

Answer Choices	Responses
Agree	1613
Disagree	148

Q15. During my most recent parent-teacher conference, the teacher provided test data, student work samples, and examples of grade level work, and explained them in a way that helped me understand my child's academic progress.

Answer Choices	Responses
Agree	1297
Disagree	71
I have not participated in a conference	393

Q16. The days and times available for my last parent-teacher conference worked well for me.

Answer Choices	Responses
Agree	1457
Disagree	123
I was not offered a conference this school year	181

Q17. The school informs me about services and resources available at the TUSD Family Resource Centers and in the community.

Answer Choices	Responses
Agree	1613
Disagree	148

Q18. The school encourages me to participate in decision-making groups such as school site council, PTA, PTO, SCPC, or other groups.

Answer Choices	Responses
Agree	1552
Disagree	209

Q19. What barriers, if any, prevent you from being as involved in your child's education as you would like to be? (Please select all that apply.)

Answer Choices	Responses
None	981
Time	583
Transportation	96
Financial	123
Language	70
Childcare	121
Other	112

Q20. Comments:

Attendance at the school has been a problem. The teachers seem to mark my child absent when they are activities at school, and the attends office does not seem to understand.

Last year (23-24) and this year (24-25) I have noticed grades for assignments/tests are not inputted into Parent Vue regularly. Last year my child's assignment grades were only imputed at the end of each semester and this year no assignments grades have been entered into Parent Vue at all (only report card entered), this is making it extremely difficult to keep up with my child's progress in school and see where I, as the parent, can help before the end of the semester. For years prior to the 2023-2024 school year at Robins all assignments were entered into Parent Vue either daily or weekly; however, last year and this year has been different. No graded paperwork is returning home with students, no test results entered in Parent Vue for parents to view and I find it odd because I know the students have weekly tests. I have reached out to my child's teacher this year to check on my child's progress and have yet to receive a response. I want to make note that I am requesting that this survey response remain confidential and that there is no retaliation in any way, shape or form against my child at school by their teacher or any other staff member at Robins K8.

A mi parecer es muy buena escuela

A smaller class size would be beneficial to students and teachers. Over thirty children in a class is not good.

A very disorganized school

A+ School

After the last IEP I was told that my child should stand up for himself. And not to depend on me so much. I was told my son is a manipulative. And he needs to stop, that i am being manipulated by my son. I got the feeling that the chair person would like to remove my sons IEP completelyas she does not believe he needs any help. The chair of EXED told me to never talk to her again. So I have complied. I will never talk to her again. I know he needs help because I received his I believe it was the bench mark test score he is not even achieving middle school scores in anything but everyone says he is just not trying. So in two years he will graduate and will not be at the learning level of a 9th grader. Boy that sounds like a success.

Amazing staff. Mrs. Harper has been so helpful and supportive of my child.

As a 1st year HS parent, I am satisfied with how the semester has gone so far. Ms. Comstock has been an amazing Interim and I do appreciate the communication.

As a parent I feel very uncomfortable with the principle

As a single parent I desire to have more time to spend helping my child with their education, however, given me being the primary support to my family and again being a single parent, I must ensure that I have the resources to keep my home a home. I wish there was more tutoring that my child can attend on campus so that it could bridge the gap between home and school. There are not many hours in the day and after school (i get off work at 5, pick up from kidco and then head home to cook and homework and get ready for bed by 9) there is not enough time to really dive into that extra time. So In sum, it would be nice if there were opportunities for kids to have tutoring. This would help tremendously! Thank you,

Based on my child's grades, I didn't feel that parent-teacher conferences were warranted

Beautiful community at this school

Being a single working parent, I wish I had more time with my child.

Being an English speaker I receive zero guidance on how to support my child to become fluent in Spanish.

Besides Mr De Roulhac who made it very clear he isnt there to teach kids just to hand out tutoring QR codes, sabino has been welcoming, engaging and an easy transition from middle school

Best school and staff we have ever experienced. Thank you so much for all of the hard work, time, dedication and love. We appreciate you all and thank you so much. -Myleigh Cole

Bloom has been wonderful for my son.

Bloom is absolutely amazing. 100000000/10. It's really a family, and you drop your kiddos off knowing all the staff involved truly do love them and are committed to keeping your kids safe and blooming

Bloom is an exceptional school with exceptional teachers and a great community!

Bonillas has been a wonderful school for my student.

Bonillas has the best Principal, staff and teachers. Perfect learning environment. My kids never want to miss school! That says a lot to me. Thank you Bonillas!!

Both of my granddaughters have gone to Banks Elementary. Out of all the kids we have raised, all the different schools they went to, Banks has been the best by far! Any time I needed any information or help, all I had to do was call and talk to Lupita in the office. She never failed to help me! She is very informed and knows how to do her job well! I am so glad my granddaughter gets to go to the 6th grade at Banks next year. You are doing a great job Banks!ferent schools they went to, Banks has been the best by far! Any time I needed any information all

Can the district please look at holiday calendars when looking at school calendar breaks and professional learning days. For example if a professional learning day is scheduled for October or November can it please be the day after Halloween. Another example is the fact that the children were out of school on the Friday before fall break when the Monday after fall break was a federal holiday for many parents and it would have made more sense for children to have the Monday after fall break off rather than the Friday before.

Can the Teacher Professional Development day for Oct/Nov please be scheduled for the day after Halloween in subsequent district calendars.

Carrillo is an excellent school and does a lot to teach and foster the entire child.

Carrillo is an exceptional school!! I love this school, everyone is so welcoming, engaged with students and families, and go above and beyond so support the students and families.

Comments

Communication from the teachers

Communication is lacking a bit at the school. It seems as if the students are suppose to be the ones to communicate information to the parents about events, clubs, etc. Ms. Faulkner and Mr. Nickles are great at communication.

Communication is very limited and often last minute. Such as "wear blue tomorrow" or when things are happening. I know there are clubs and groups but I've only found out about them through the grapevine, other parents etc, instead of actually being offered things through the school.

Davis has made great strides improving their lines of communication and the overall result has been to create an environment which facilitates open dialogue between parents, students and teachers.

Disappointed in the support and professionalism of the principal and counselor

Do better!

Don't let me help to my son improve in the school

Drachman has a B rating because of the students. The teacher expect the kids to teach themselves, but that can only work in some instances. I know it is Montessori, but most teachers here really expect the children to do ALL the work! There are only 3 good teachers left at this school. All the good ones have gone away because the principal does nothing and sweeps all problems under the rug!

Drachman Montessori although good in most areas, principal and staff need to listen more to the children and parents when they have concerns and take those concerns more seriously. Drachman Montessori should also implement a new security system like cameras around the campus and classroom for students safety.

Due to some unfortunate reasons and how my student was treated and ignored by staff and teachers I do not wish to interact with them.

Excelente Escuela y marstros mis hijos estan aprendiendo mucho el idioma en poco tiempo

El apoyo de las maestras en mi idioma me hacen sentir más segura pidiendo información

Es el primer año que tenemos a nuestra hija en Wakefield y ella esta muy feliz.

Es una gran escuela, ayuda a mi hija a aprender inglés, son amables y siempre están dispuestos a ayudar, es una escuela en la que mi hija se siente feliz. Me encanta Kellond.!

Estoy muy contenta con el personal y con la institución en general porque tienen mucha seguridad y se preocupan por el aprendizaje y bienestar de mi hija.

Everyone is incredibly hard to get a hold of. Including the office which should always have someone able to answer the phone. Emails and messages are almost never returned by

EXCELENTE ESCUELA

Excelente escuela!!

Excelente escuela.

Excelente escuela.

Excellent on making parents feel welcomed. Clear communication.

Excellent school

Fernanda.yslas@yahoo.com

For the most part, our experience with TUSD has been up to par for my son who attends Tucson High School, however, my middle school daughter has had a different experience. She's repeatedly marked absent when we walk her to the bus stop daily. (The no school bus within so many miles hinders so many families and my daughter suffers from this). She has to ride the city bus due to our mileage from her zoned school. This is unsafe in my opinion as the homeless population in Tucson utilizes city bus transit as a sleep place. Something in Tucson should be done to ensure our youth is better taken care of.

Fruchthendler has great family events, a wonderful community and great communication!

Fruchthendler is a great school that builds a welcoming community focused on whole child success

Fruchthendler is a wonderful school with a wonderful community.

Fund after school program for athletes before practices

Gale is a very friendly place and offers a lot of fun activities for my daughters. I love the nights at the school and there are so many people who are helpful.

Gale is amazing and they have done so much for my family when we have been having a hard time.

Gale is wonderful. We love the school and the staff!

Generally, the school is good, supportive, caring, and loving teachers.

Go Mustangs!

Good school

Gracias

Gracias

Great school

Great school

Great school and staff.

Great school! Thank you to the amazing teachers.

Great school!!

Great school. Mr. Perez is a great teacher

Great teachers and office staff. Mr. Lavatto and Mr. Brock are rude bullies.

Great teachers love this school!

Great work for Manzo team and staff

Harriet Johnson Primary School Is a great school, they keep us informed in all topics related to our child. They promote activities to engaging us as parents and motivate our kids to keep working towards their goal education.

Having three children in the district can be difficult when events are at the same time. But it works out.

Having to work of corse always takes time away but I try to be there as much as I can

He shows me when he completes work on Canvas but I'm really not sure that it's being turned.

I agree and respect other people's cultures and traditions, however, I would also like to receive the same respect in regard to not celebrating certain "traditions". My family is Mexican-American and we do not celebrate nor participate in Dia de los Muertos. Should it be emphasized so much in our schools? Or rather, is there or can there be, alternative work for children who don't participate, to work on so that they don't feel like the odd one out. Thanks.

I agree, no inconvenience.

I agree, no inconvenience.

I am happy having my children at roberts-Naylor-K8 school and the report I received every day from my children about their school time makes me feel confident. Thanks for everything you are doing for the children.

I am not particularly computer savvy, which makes it harder to receive and respond to school messages. I have 3 college degrees but I have just recently mastered Parent View and Canvas

ered g

I am very grateful with the services TUSD1 provides for our 3 kids.

I am very happy with this school. As well as mu children enjoy coming

I answered "agree" to Q7 only due to the fact that two of my child's teachers send out newsletters. I don't recall seeing a newsletter from the school itself, nor from any of her other teachers. To add: our experience is that the overall communication from the school has generally been poor. With the exception of lockdowns; those have been very swift.

I appreciate my grandboy's teachers. They keep me informed and truly care about his learning experience.

I appreciate to all the teachers and security staff thank you TUSD to being with us

I attend all events that I am invited to. This being said I have been to 2 events on campus and 1 off. I have three students who attend Tucson High.

I believe that this school is poorly being managed

I can only go after school due to the fact I still have children under 4 years old and I would have to schedule an appointment with my hours .

I can't say better things about every staff member at Davis. All the kids are happy to be there, kind and caring towards each other. Such an amazing school. The teachers all care so much about their students and their jobs. The principal is always available for any questions I have and greeting students and families. The office staff are always friendly, helpful and know each student by name. The school is always clean. Amazing team and Im proud to be part of this community.

I do receive the emails from TUSD for Family Resource centers but not directly through our elementary school

I don't agree with the overwhelming amount of homework. Especially for children who need a lot of help and aren't where their piers are but don't have an iep. Pushing more work on them only makes them resent and stray away from at school learning and prevents the household from doing things outside of school related to sports, church, we only get our kids 5 hours after school for a decent bedtime and still get everything done. Homework becomes unenjoyable

I don't help regularly with homework but I do ensure that homework or unfinished work assignments are being completed.

I don't know if our child will be successful at THMS, but the school has put support systems in place to help her - it's a matter of her not being motivated enough to accept the help at this time.

I feel like more information should be in the website. Having to look through the newsletters for the information that is neede is too much sometimes only appearing in one newsletter so you have to look through them all.

I feel like we have almost zero information about the school (policies, clubs, etc).

I feel that Mr. Brock and Mr. Levato only handle certain situations I think it is appalling at the fact that girls show up at this school half dressed literally but want to dress code my son for wearing a tank top, get out of here with that. You have high school kids selling and bringing drugs to school on the daily and yet they are more worried about boys wearing tank tops. My 17 year old senior was threatened with a gun and yet nothing was done to the student besides a 3 day ISS I promise TUSD that if anything happens to either one of my children while on school grounds because of this threat then I will hold the school and the school board solely responsible as they were made aware of the situation

and did absolutely nothing.

I feel that my child is spending too much time on the computer at school.

I have a 4th and 7th grader Maxwell is awesome the teachers the principal is the best I've seen she really cares and it shows!!

I have been able to know what my child 's grades and attendance look like from the Parent view app only. When I email or call his school or teachers I do not get responses.

I have concerns with the teachers who complain openly to the students about their pay and work expectations. There is at least one every year who trauma dumps on children about how miserable their job is. This misery is often paired with a refusal to read email on the weekend or stay after school because that is not contract time. I came into TUSD as a bleeding heart convinced that sending my children to public school was the right thing to do to ensure robust public support for public education. I grew up in Mississippi, and Tucson public schools have left me in shock and awe at the way children are let down and left behind as a matter of routine. Sending my kids to TUSD schools may have been my biggest parenting failure.

I have never seen a person so determined to limit opportunities for young students. He is disrespectful to the parents, teachers and students. He sets a bad example for everyone in the school. I would gladly elaborate. This is a bad apple in a good school.

I love Bloom! All staff are friendly/nice and helpful.

I Love Ford Elementary School and staff they are the best

I love Sabino and there staff is awesome 

I love Sabino High the staff always has an awesome and positive, I see the difference in my sons attitude compare to Tanque Verde High, big difference and I love It!! Best High School!!

I love the culture and community feeling at Davis. My child loves going to school! If any issues have come up teachers, staff and the principle have always been so supportive and willing to help. we feel part of a family and community at Davis.

I love the staff at Ford Elementary! The front office takes the children's safety very serious! In these times it puts my mind at ease to know that my child is safe at this school and that access to the building and classrooms is closely monitored. The family resource liaison is kind, engaging and supportive making it easy to reach out and ask for information about the school and events happening at school. My experience with the teachers are limited I admit due to the grade in which my child is in. Despite this, I find that my child has met most teachers in his even ones outside his grade level and due to this interaction it seems to makes him more excited about the coming years of school, the teachers that I have directly worked with have all been accommodating, considerate and willing to work with me and my child is meeting their needs in the classroom and giving handouts with extra advice for parents on how to motivate/aid their children meet the expectations of the classroom and the duties that come with becoming an active learner in their education.

I love this school

I love this school and all the staff. Even with my barriers the staff is more then willing to help my family with all the resources we need.

I love this school so much. I have moved and still choose to drive my children here because of the staff. Everyone treats the kids as if they are family. Thank you all for all that you do for the kids

I love Tolson

I love Tully tigers

I love you bloom! Your culture and environment Reminds me of my childhood

I REACHED OUT TO MY CHILDS TEACHER AFTER RECEIVING THE REPORT CARD FOR Q1, REQUESTING TUTORING INFORMATION AND DID NOT HEAR BACK. I THEN CALLED THE FRONT DESK AND ASKED ABOUT THE PROCESS TO GET MY CHILD STARTED IN TUTORING AND WAS REDIRECTED BACK TO THE

TEACHER WHO I SENT ANOTHER MESSAGE TO AND STILL HAVE YET TO HEAR BACK. I AM FINE BEING PATIENT BUT DO FEEL MY CHILD IS BEING LEFT BEHIND DESPITE MY EFFORTS TO KEEP HER ON TRACK.

I really appreciated the community effort and the overall unity I saw come together for the fall festival. It was so great to see the kids all having a great time!

I really enjoy the staff at Cholla.

I thank the school and the teachers for helping my child he's improving a lot in his in English speaking and he is now easily communicating and he's doing good in different courses therefore. I would recommend the teachers to continue providing, supporting and helping my child to do better in his studies.

I think that the principal (Ms. Montoya) shouldn't be principal ! She is very rude to myself as a parent of a student whom attends Gridley Middle School. She is unable to stay organized with students whom had been in situations during class. Involved with bullying/ sexual harassment from another student. The teacher at the time also mad very inappropriate comments to my child in the classroom, and also to myself over the phone. I didn't feel comfortable with the comments or think it was even necessary from them to be made. Yet nothing was done about it. It also seems nothing is going to be done about it. When I spoke with her she couldn't remember even talking with myself multiple times about the situation. I put my trust in the school for my child to be safe and feel safe at school, unfortunately I'm not as comfortable as I should be with Gridley Middle School because of the principal (Ms. Montoya) not doing her job or taking her duties seriously. I as a parent refuse to speak with her about anything anymore because that's how bad it is with her!

I think the innovative ways the school is looking to support our kids is so great for their emotional and physical and social and academic development. Thinking specifically about programs at Sabino like Pencils and Pancakes which provides a place for kids to get extra help/homework time, but makes it feel more like a morning around the breakfast table with your friends and family. Such a great "outside the box" approaches to education really help the kids get connected to their learning in a deeper way.

I think they're should be a better way to communicate with different staff members and follow up/return calls. Also I think it would be beneficial if the teachers communicated homework instructions. Ways of teaching have changed and if the teachers are teaching it one way and the parents another, it gets very frustrating for all parties involved. Thank you.

I understand the homework policy at Borton but in my opinion it doesn't help prepare students for middle school to build that habit. Also the school has improved on communication but the school as a whole seems so disconnected and if you are a parent that can't come inside the school regularly you miss out on a lot of things. There's a community feeling that's missing

I want her to exceed expectations but not getting resources on how to do that

I want to petition for a new principal

I was told that any family member can volunteer at the school. I went to volunteer and someone came to the classroom questioning why I was there. I am a grandma of two children that goes to the school have always been a big part of there schooling and medical. My daughter is a single mom and and works . She can't always get to the school. So I'm a big part of my grandchildrens education. But was told that I could not attend there conference. Even with my daughter giving them permission. I can take my grandchildren to the doctors appointments with no issues. I feel if a parent gives permission then the school district should be happy someone can be a big part in the education of the children.

I will always make time for my child education it's my number one priority. And the school she attends is amazing!

I wish I could receive information about school events sooner than a few days before.

I wish schools would do more about bullying and all the fights at my child's school

I wish some of the classes offered to parents were remote as an option. I would love to attend some of the resource center classes but they are a commute and often times I won't have childcare. I would love it if there was a parent spanish class so we could learn alongside our kids.

I wish the district would support my child's kindergarten, there is a severely autistic student in class and he needs more intervention that I believe should come from the crisis support staff or admin outside of our school.

I wish the school really helped kids when they are sick and can't be at school to reach out to the kids and make sure they know which assignments they need and give them detailed notes more so and helped with making sure they get them done. Everything needs to be explained and given to them. Bell works, class assignments, quizzes and tests should be available

I work 12 hours a day

I work an 8am to 5pm, Monday through Friday and also have 2 other evening jobs. This makes it difficult to get into the classroom or school. I have made it too and volunteered for evening events.

I would appreciate more effort from teachers in providing progress in academics and not letting students "fall through the cracks". Even if it is ensuring parents see the report cards to address concerns before it's too late

I would like to have more informative parent teacher conferences.

I would like to know more about how I can help the teacher educate my grandson. Tutoring? Additional after school help? Homework help on Tuesday and Thursday is fantastic, thank you.

I'm happy with the school's academic and staff

I'm so happy with my child's school , staff and administration! They're always on top of everything they respond to questions concerns in such a timely manner.

I've asked several times to hire a crossing guard or at least put the cross walk signs out but they refused and locked them up. Now me and my child along with other students are having to run through traffic just to get to school. I discussed this with principal Mac and school safety district. Both shut me down and refused to leave signs out to cross walk

I'd like more guidance from the school regarding how they can help support my child with his ADHD IEP guidelines not followed for end of 1st quarter of progress report sent home. Lack communication of those involved in the IEP team through out the year. 21st century program excludes my child from participating in student council. Not sure child will return for next school year

I'm very pleased with the quality of education and sound administration that Sabino High School has provided 3 of my children so far.

It is hard for me to support the wonderful opportunities available (field trip costs; pictures; t-shirts; donations) because I struggle financially. But I am working on it.

It would be great if we could find a free, secure (meaning not gathering data about our kids) communication tool to replace Class Dojo.

It would be nice if we could somehow add psat and the other similar tests to parent vue.... Or if it's there already an explanation on how to find it.

It would be nice to have a facilitated parent support group with a counselor. The students are going through really challenging stuff and as a parent I have no clue how to help my kid. I feel like the teachers and principals have made responding to their oversight of notifications my third job.

It would be nice to have access to canvas info to know for sure what the assignment info is for sped students parents. A read only would be adequate.

It's a nice school

Just want say that the ladies in the front office are awesome!

Kellond has been an AMAZING elementary school for my children ever since the new principle came.

She is the main reason why this school has turned around as much as it has. You can't "fake" being happy or caring. People can see straight through people who don't care. This new principle (I can't believe I can't remember her name at the moment bc I speak to her regularly) has been a beacon of hope and light and has saved and turned around Kellond. THANK YOU SO MUCH

La directora señora Maytorena no une a la comunidad las familias no nos sentimos cómodas con ella. La escuela con la nueva directora no está funcionando la directora no respeta mi opinión yo e hablado con ella y le pregunto las cosas y nunca me sabe dar una respuesta ella se preocupa más por el tráfico de los carros que por los estudiantes mi hija duró sin maestra tres días y se la estaban cambiando cada rato y ni me gusta la maestra ay muchos problemas en la escuela manzo a mi no me gusta la nueva directora y no se puede hablar con ella yo mando a mi hija a estudiar no estoy agusto con la nueva directora

lack of communication from the principal, no follow through from the principal and he also lacks time management -

Lack of homework is challenging for at home review and to see the progress my child is making

Las maestras siempre tratan de ayudar para que mi hijo aprenda

Leondra Price

Love it if Warren was preK-8, the SW side does not offer a K-8 or prek-8.

Love McCorkle!

Love Robins K-8, great staff and environment for learning.

Love the school and staff

Love the school and the teachers

Love this school and the staff

Love Warren, really wish Warren was preK thru 8. Ms. Ronsman and the entire staff are Warren are amazing

Mansfeld is excellent in keeping parents updated with all matters.

Many of these answers are different depending on which teacher you are speaking about. My child has a math teacher this year that has never responded to anything not even during parent teacher conference times or prior to. For example, in several questions, I wanted to put both agree and disagree, depending on which school staff we were speaking about. It would be nice if the survey allowed for a more thorough answer.

Maybe there could be parent-organized events coinciding with weekdays when schools are closed (e.g., quarterly wednesday closures) to help replace the normal school day? Would be especially useful for parents whose work schedule conflicts with these closures.

Mi comentario es acerca de la asistente de enfermera de la escuela Banks, es una señora de mal carácter que ella diagnosticó a mi hijo con Moluscum me hizo que lo llevara a su pediatra y lo lleve y la pediatra me dijo que no era Moluzcum mi hijo tiene piel sensible y tenía exema en ese momento y esta señora estaba terca y no querer recibir a mi hijo en la escuela por qué era conragioso la pediatra me dio una carta para la escuela donde decía que mi hijo estaba listo para regresar pero esta señora como no decía lo que ella quería no la quería aceptar mi hijo estuvo una semana sin asistir a clases, tuve que regresar a la clínica a explicarle a la pediatra que la carta quería edssses señora que dijera que mi hijo no iba a contagiar a sus compañeros de salones, la pediatra se molestó y me dijo solo dile que si tiene una duda que me llame, entonces le llama a e de a señora y solo me dijo se lo voy a comentar a la enfermera encargada pasaron días y no me llamaba para darme repuesta, yo estuve llamándole durante y esa semana y me dijo que no le comentaba a la enfermera encargada por qué no se había presentado en la escuela hasta que ella quiso después de varias llamadas telefónicas que le hice me dijo le enviaré un mensaje haber que dice sobre la carta y en 5 minutos me resolvió algo que no pudo hacer y en una semana, no me agrada que toma decisiones que no le corresponden para

eso tiene una enfermaría encargada pero no consulta a nadie y ella lo está capacitada para estar ahí y esa solo es una cosa me ha pasado varias veces con ella su nombre es Jessie .

Mission Staff are all amazing Mrs. Calkins is an amazing Principal always so involved with every student

MMi hijo no permite mi ayuda está haciendo bien pero va atrasada

More events or a collaborative space for us to plan, offsite events, especially for the younger students K through 5

More literacy instruction for struggling readers

More help with the kids that are really behind

Most teachers are very responsive to communicating about my child's progress however there are a few classes that I'm concerned about.

Mr. Amidan and a few select teachers are wonderful, including Ms. Smith. There are a couple that are very difficult and lack skills to work with students including Ms. Morales and Ms. Whitehill.

Mr. Deroulhac is not an effective teacher, our daughter is currently participating in the student success program but unfortunately it's not been beneficial

Ms. Jose the Native American Student coordinator has been very responsive to my inquiries. Pueblo HS needs to work on communicating with new high school parents on upcoming school events. Thank you to the Family Resource for the monthly newsletters and information.

Much improved environment at this school vs when my child attended Booth-Fickett

Muchas gracias marshall elementary staff ♥ all the times the best

Muy buena

Muy buena escuela, buena atención para los alumnos

My biggest complaint is communication. We don't know about events sometimes at all or sometimes the day of. The only school wide communication is a monthly newsletter that is too long and repetitive but not always informative. I didn't know there were clubs my kid was missing out on - garden club, spirit club, I didn't know there was sports. I also wish we had P.E. and more science.

My child attends an awesome school with great teachers and awesome staff !

My child does not receive homework and it would be great if she did

My child is behind in his reading level. The teachers have been telling us this in 2nd and 3rd grade. The teachers make their best effort to help catch him up but I really think a reading specialist is needed at the school to work in small groups or one on one. I believe a Davis had a reading specialist in the past. An after school tutoring session and after school homework helper would be amazing!

My child is being bullied in this school and they are not addressing it. The teachers tell my child to stop doing her homework at home because she is running out of work to do during resource class. Absolutely ridiculous!

My child is having a great experience at Dodge. He feels comfortable and supported at school.

My child is in kinder and I'm grateful that there are 1-2 teachers/staff welcoming students in the morning and the kinder teachers walking students safely to their vehicles at pick up. This sets the stage for a welcoming and safe start to the day and safe trip home.

My child is in preschool and a lot of these questions didn't apply to me

My child is not challenged, she feels like a lot of time spent at school is wasted and teaching is subpar. I agree with her and think the bar is set way too low, for teachers and students.

My child is responsible for doing his homework on his own with the resources the school provides. I encourage him to take responsibility for himself.

My child just moved to the school she loved the commute she loves her teacher and she's seems happy when she gets home from her school day I love what bank is doing to the community and the children's lives

My child often complains about the school lunch which he won't eat

My Child's IEP is not being met in at least two areas. It is a battle to get evaluation for dyslexia despite consistent low dibbles score testing and paternal family history. Specifically, a long time teacher, Ms. Alvarez serving as 2nd grade teacher in 2023-2024 has conducted herself inappropriately, including bullying behavior towards student and parents. Acts by this teacher include reports of physical hitting and/ pushing of at least one elementary student. Mr. Gonzalez, a new hire, was observed by me raising his voice in an extremely alarming manner towards another student. The tone and volume were not appropriate/ disproportionate to the situation. Mr. Gonzalez further interfered with my parent teacher conference by talking over me and not allowing me to discuss concerns re: my child's failure in reading with his teacher. I am concerned that there is a permissive environment for adult bullies.

My child's teacher acts very much like a child herself when addressing my sons behaviors. A teacher that behaves like a child instead of an authority figure shouldn't be teaching.

My child's teacher does a good job of keeping us updated on my child's progress. The school in general could do more to share benchmark scores and what they mean, ways to support learning at home, etc.

My Daughter is only in preschool. But we love the support and community at Her school Bloom.

My daughter is still kinda new to the school Banks elementary but so far everything seems good.

My daughters English teach sent me an email regarding her personal information to he entire contact list. This is 100% unacceptable and I am more than upset over the situation.

My daughter's teacher has been great and I appreciate everything she does

My granddaughter is new to the school, so some of the questions are not available to us as of yet.
Thank you! Guardian (grandma)

My son enjoys attending THS, his grades would sometimes go down, but we corrected his low grades and brought them up, he really loved the music classes throughout the 4 yrs., Thank you

My son has an iep and I asked the teachers to join me in his meeting so we could discuss his academic progress at that time. They did not attend. There are 7 of them and one of me so at the very least the math and science teacher could have been involved but only the English teacher was there. My son responded so well to him that he showed up for the last part of the day. The counselor didn't respond to me for weeks when school started and my son has been miserable after they changed his entire schedule but I can't get them changed. I cannot force him to go to school for 2 hour long lectures he has ADHD. No teacher has asked to work with me on how to help. They show him they don't care and he doesn't matter.

My son is a freshman and I'm completely satisfied with the education and services he is receiving.

Myers has been such a great experience for my son and I. I was so worried about him starting school but I now know I have nothing to worry about! I look forward to my son staying here for the remainder of his elementary school education.

NA

Na

Naylor is a great school for my children.

New procedures/protocol changes without notification to families

New to the school but so far it's been great we've felt welcomed and included.

No comment

No entiendo inglés ese es mi problema

No room for any preschool children. I know 5 kids ready for preschool but are put on a waiting list instead of having a teacher hired to fill the class.

No school involvement to support athletics. No cheer team or band in away games? No administration at sports events, especially football away games. No community involvement with surrounding businesses. I see Palo Verde shutting down sooner than later. Also, i shouldnt recieve 3 emails, 3 texts messages, and 3 phone calls whenever my son is marking absent from a class. 1 email, or phone call is sufficient. It really is inconvenient when I am at work and get non stop notifications.

none

None

None

None

None

None at this time

Office manager is rude to parents. Also 5th grade teachers are not teaching most the time, they just put my child in front of a computer for most of the day.

Our teacher rarely uses ClassDojo. We get a weekly guide on work but not anything about our child specific.

Overall great experience at the school thusfar.

Overall great school

Pistor is great for communication.

PLEASE do something about smoking/vaping in the bathrooms. My student cannot go to the bathroom without being HEAVILY exposed to unhealthy fumes. There appears to be an acceptance that this just happens with no effort to prohibit the activity.

Please help the school have better traffic flow.

Principal isn't very understanding in children education and needs

Principle doesn't seem to care at all about the black kids

Pueblo gardens es una excelente escuela!!

Really an amazing school overall, ESPECIALLY when it comes to our children's safety! Keep it up!!

Really disappointed in how this school is now a C rated school...

Robin's Elementary has been so supportive in my child's education. My son's teacher is a great with communicating with me in all aspects of his education.

Robins k-8 has always done a good job in every aspect regarding my kids!

Robins Teachers and Faculty are absolutely wonderful!

Sabino continues to be, in my opinion, one of the top high schools in Tucson. As an educator myself, I have a deep appreciation for the teachers at Sabino, who provide a top-notch education for all students. I'm also constantly amazed by the hard work and dedication of the administration and counseling staff. I'm so grateful to have such a fine school for my boys to attend!

Sabino does a great job of keeping parents informed!! Go Sabercats

Sabino has been great for my kids.

Sabino has done a good job welcoming my son as a freshman.

Sabino High School has an issue with racism amongst its students.

Sabino is a great place to be!

Sam Hughes provides a wonderful community for our kids and the teachers are always welcoming and

appreciative.

School has provided a great learning environment for the student and we are very happy to be a part of UHS.

School needs to be open about child's need my child has been picked up early due to teacher and staff not having open bathrooms during school hours for girls on the time of the month also my child has gotten sick from eating school lunches due to them not being prepared right. Have not been happy with school or trust they have very disappointing

School would rather have a student struggle and fail than allow them to be held back a grade. Very disappointed and ready to pull my child out of school.

Señorita Chavez is great

So far our experience has been very positive at Wakefield.

So far, we are pleased with our child's experience at Sahuaro High School. We would like more consistent communication about events happening at school. Canvas & Synergy/Parent Vue help keep us in the "know" about grades, and most teachers reply in a timely manner to emails. Conferences were on a different day/time than stated on the district calendar but worked out for us. At conferences, we visited with teachers but didn't get much specific info about our child's progress.

Solan Tom has been a great school. Our children have been attending for the last few years. We are very happy. They have a sixth grade this year.

Some of these questions should be N/A. I don't help my child with homework as he hasn't needed it, still has a 4.0 without help. Don't contact teachers as my child gets good grades but know how to if I need to. How are we honoring kids who do well at Sahuaro. Also 1400 kids for one lunch is a little outrageous. There is not enough space for kids to eat at a table. Kids have to eat at benches that don't have tables. I wish social media posts were more consistent. Despite all this we love Sahuaro.

Some teachers are not as helpful but overall great teachers and staff!

Staff and administrators are always available to assist me

Staff is always friendly

Steel elementary school is one of the best schools from my view.

Steel elementary school is the best.

Stefanie Murphy

Takes a long time for teachers and staff to respond to email if they ever do. Fights and chaos at school make my student unable to attend as she feels unsafe.

Teachers are not always appreciated for all they do and I wished that more resources would be available to help them teach in areas that they enjoy. I feel teachers have great ideas but lack resources to implement. I wish they would pilot something like this to see success rates and how much teachers and students would appreciate it.

Teachers are very difficult to communicate with, except for a few. Some teacher NEVER reply to email. I would expect higher quality communication coming from all of the teachers. There is a regular newsletter from the principal. I am a teacher and am in constant communication with families. Either through campus mail, Class Dojo, Remind, etc. It's frustrating to get little to no response from certain teachers. Especially when my students are sick, and they don't always understand what is posted in Canvas.

Teachers don't respond to emails

Teachers in this school are so welcoming friendly to my kids, hardworking etc.

Thank you

Thank you for all services 🙏

Thank you for everything. It takes a village. Appreciate you.

Thanks

Thanks

Thanks from: Terena House parent of Jada'Dee House age 6 for 1st grade

The 2 main pros that keep my daughter enrolled at Hollinger are Gate and Dual Language. I have been disappointed with music curriculum and the delay to starting orchestra, considering the school boasts about mariachi.

The administration is very communicative with emails

The front office staff is always rude. As a parent I am very involved in my kids education so it makes it hard when I don't want to deal with the office staff. It's almost impossible to speak with the principal or the assistant principal. You have to go through so many people just to be told someone will call you back. Guess what? No one ever calls back. My child has been at this school all 4 years and this is the first year I've had any of these problems. The office staff is unprofessional and speaks very rudely to me. I have a daughter who will be going into high next school year but after the way I've been treated she will not be going to Palo Verde

The lack of security staff is very concerning, there are not enough staff watching the kids in the fields and playgrounds. Staff gets defensive and rude when is questioned about the topic.

The most important thing is my son feels cared for and well educated at THMS. That is all I ask for. I love the school too.

The only issue I'm concerned with is the nurse and nursing assistant. My child has now attended for 3 years and I e heard several stories and have had a couple negative experiences. They both don't seem to take the children's health concerns/issues seriously and/or dismisses the concerns. Also, they don't call parents when needed—it seems especially the nursing assistant. I've had to get a doctors note requesting they call my child when she's having issues. I do not think this should be necessary.

the Principal needs to show more presence.

The principal sends a monthly newsletter, which is appreciated; however, I do not see any information about school site council, PTA, or other ways for parents to be involved at school. The quality of teachers at my child's school is mixed. Some of them are conscientious and strive to do a good job, for example Khylia Marshall, Jesus Escarcega, Shania Pablo, and Liz Chevalier. Some are unskilled and unmotivated--Willie Corrales--and in spite us reaching out to both the teacher and AP, they do little to improve their performance. Also, we've had teachers use AI to generate email, which might not be problematic, except that the content was completely disingenuous.

The principal us dismissive of most issues i have brought to her attention. Staff is not abominating or understanding my childs special needs.

The school closes the exit to the pick up line forcing everyone to enter and exit out of a one lane entrance which is also located directly next to where every student walks. I don't get why they do this. I've only ever seen one parent break the exit only rule. It seems so much more dangerous to make all traffic flow from the most congested road next to the school.

The school does a great job of communicating with all parents I feel like, and is more focus on the children getting the proper attention and education, I feel like they teach what is relative in school for them to learn.

The School is amazing but wish they had more programs for the k-8 kid's and more things for the middle schoolers.

The school needs to be more focused on disciplining bullies that hurt the educational environment of other students. Regardless of age.

The school needs to work better on their safety for example having the teachers walk with them as a class after school.

The school staff has been kind and helpful. Mrs. Donovan is doing an amazing job.

The school violates open meeting laws and has lost a grade level with the new principal. There are no

meeting notes or agendas posted on the website for parents or the public. We do not need videos of Trujillo on the website. We need to hear from school leadership.

The school, admin and teachers at Dodge are PHENOMENAL, the district sucks!! The district makes decisions that impact our children without consulting teachers, administrators, and the specialty teachers from the ex-Ed department. You have people that work in the district that forget what it's like to be a teacher. They look at the children as numbers and not as students. They cut funding for the students as opposed to cutting their own salaries. TUSD is one of the highest budget in the state of Arizona, but our kids suffer all because of greed in the district administration.

The school's name is misspelled. It is Steele not Steel.

The staff at Collier Elementary do an amazing job, and we really appreciate them! Thank you!

The staff at Sabino High is very welcoming and cares about the students and families.

The Staff At Sewell Elementary Does A Great Job! Everyone Is Very Polite, Helpful, And Caring. The Only Thing Keeping This School From Becoming A "A" School Is The Fact That The School Building, Classrooms And School Grounds Need To Be Updated. It's Kinda Run Down! Please Consider The Repairs And Update This School. Also TUSD Needs To Hurry Up And Tint The Windows And Raise The Fences ASAP... Not Next Year! We Need This School Safer Now Nlt Next Year. Also, Put Some Safety Locks On All The Doors For Our Children's Safety If Needed... There Is Alot Online That Are Very Low Cost And Easy To Install... two Of My Grandkids Attend Sewell. Thank You! Mark E. Campas

The staff does the best they can with the students with the resources they have.

The teachers & administrators are doing their best. I am concerned that one of my children's teachers takes over two weeks to respond to a reading intervention plan that I created. That is a long length of time, especially when the tone of the conference is that my child needs immediate intervention. I think they are underfunded, understaffed and a wasp issue that seems to not be addressed. The PTO works hard but neither the school or PTO seems to accommodate dual working parents when scheduling meetings or engagements (i.e no virtual PTC options; meetings during the work day, etc). I have submitted direct feedback on this.

The teachers and counselors show concern for the success of students at Sabino

The teachers and staff are all great!

The teachers are accessible, but I wish the counselors were more accessible.

The teachers at Gridley are simply incredible! My son has had an excellent experience both last year and this year. The 6th grade team facilitated such a smooth transition last year and the 7th grade team has been so encouraging this year. Our son has thrived more in middle school than we anticipated, and we are so thankful to the Gridley teachers for their irreplaceable role in his growth. The teachers get away with a lot of behavioral issues that they have. The students and parents have no advocate and no way to get heard so issues get resolved. The teachers need to be held accountable for their behavior. Ms. Johnson in 5th grade is a horrible teacher who argues with parents and students. Michael Broad in 7th grade is lazy and wants to be friends with students instead looking out for his students who are being bullied in his class. He gangs up against the students being bullied and sides with the bullies because they are his "friends". This school needs an overhaul. There is too many opportunities for bullying by teachers as well as students. This should not happen because this is a virtual school. The parents need a way to be heard and then have their concerns addressed properly. Please take notice of TUVa it was a good thought during COVID, but, now it has a lot of issues and concerns that really need to be addressed.

The vice principal is a mean and spiteful person and if he doesn't like your child he makes it very known. He told us that he doesn't want our daughter at his school.

There are a couple of middle school teachers who need to retire.

There are no community events that encourage a school community after school hours. There's no

opportunity to engage with other families at the school

There is a spelling error; Steele not Steel.

There is so much I could put here not sure where to start. In my child's class there are parent 2 there everyday for the same child, the room is already distracting let's add to it by having to more distractions and then your own child wanting to know why I can't be there everyday. The classroom on a daily basis looks like a hurricane has hit it. There is no structure and the teacher has absolutely no control of her room. I'm extremely afraid it's affecting not only my child's education but the entire class.

There're always many invitations to participate in many different activities at school, but the PTO coordinator or leader (Ms. Elizabeth) She wasn't very professional and not polite at all when I participated in the Spooky Night Event. Her attitude really discouraged me to keep participating as volunteer in the future events.

They need to space out fundraising events. Fall festival and fundraisers at the same time are too much. They also need to provide more notice for days off of school and spirit weeks etc

This is a great school!

This is a great school, and Amastacia and Sienna enjoy the staff and teachers in the building providing the education. And I am a proud parent to have my children in the school. Thank you principal Rothenhauser and Robert Naylor staff for all your hard work and dedication to our children in the community.

This is our first year at TUSD after transferring from a charter school, and so far we have been very impressed with the level of teacher communication and opportunities for families to be involved. Thank you!

This is the first year at Davis that I've felt so disappointed with my child's teacher. I get the impression that she doesn't want to do the work to get the best out of her students. The parent teacher conference was the first I heard about the behavior issues with my son. This is something that should be communicated far earlier in the year.

This year is the first year of 6th grade. The teacher Mrs. Olsen is doing a great job. Thank you

Todo personal en C.E. Rose K-8 school son muy amables y respetuosos, yo en lo personal estoy contenta y recomiendo y digo que todo el personal son muy profesionales. Gracias

Tolson has excellent teachers and staff. We appreciate everyone's hard work every day.

Tolson Rocks!

tons of comms about sports and fundraisers, minimal about academics

Trasporte

Tucson High does not communicate effectively with parents regarding what is occurring in the school. An example is my son's teacher quit and I have yet to be notified by anyone at the school (a week later) about what the plan is.

Tucson High has been great so far no complaints

TUVA is an amazing school. Ms Sigafus runs it very well in my opinion.

Very good school very happy with teachers and staff

Very grateful for all the teachers and staff at Wakefield. Thank you

Very happy with our family's University High School Experience!

Very pleased with Warren

Very satisfied with the school, teachers, administration, pto, security, everything. Parents are happy and child is very happy.

Vesey is an amazing school. My child has improved by leaps and bounds since attending this school.

Wakefield is on a good path. Onward and upward.

We absolutely love Peter Howell elementary school they are so amazing & kind they also help Yu

understand what is best for child education and set goals as well

We and our daughter Zoe are really happy and grateful with Banks Elementary School

We appreciate that some of the teachers communicate when assignments are due, what a student can do to "raise" a grade, and the content that is being taught. This communication is far, few and in-between. Also, ParentVue is not user friendly, as I should be able to email the teacher without logging in, when they send a message? Furthermore, notifying families of fundraisers, evening events, and or other engagement opportunities need to be communicated in a more timely manner, so that our family can better plan and get it on our calendar. Thank you.

We appreciate the school and regular updates from both leadership and teachers. The principal is responsive and helpful when issues come up. I have a middle schooler at Esperero and in comparison Fruchthendler does a much better job with parent engagement and communication which is a big reason we will be going back to TUSD for high school.

We are glad we picked this school for our teenager.

We are very grateful that you provide food for the kids, but it would be nice if there were less processed foods than less sugar added foods. This would go a long way to helping the children be healthier and improve their academic abilities.

We have been extremely pleased with the administration at Robins. Mrs. Thomas does such a great job of being present it is clear that her strong leadership trickles down her administration. We have been so pleased with the teachers our son has had since kinder there.

We have loved the environment at Bloom.

We just LOVE Tully so much

We love Bloom and all of the staff there. We look forward to having all of our children participate in the dual language program for many years to come.

We love Bloom!!!

We love Cragin Elementary. The teachers, staff and principal are very engaging and I see that they truly care about the safety and welfare of the children.

We love Dietz K-8th, the staff is very welcoming. The office ladies are very friendly. I love how teachers will come up to me to meet my toddler, they may have him as a student in the future. We also love "Make way from books" teacher, Stephanie.

We love Dietz K-8th. It is so nice to see my kids past teachers and they still ask how they are doing. Staff is very helpful.

We love Ford

We love Sabino

We love Sabino! Thank you!

We love Soleng Tom! Thank you teachers and staff!

We love the teachers and staff and Ford elementary.

We love Tucson High - thank you to all the dedicated, talented teachers and staff. There is a wonderful heart at THMS, and incredible opportunities. Thank you!

We love Tully and the staff!

We moved from another state, this is my child's 3rd year here. His first two years started out great, making friends, and participating in athletics, but then we believe a friend or friends betrayed him and did something terrible or devastating to him last school year. He no longer spends time with friends, is mostly a loner, and has gone through depression which we have witnessed. I don't know what kind of bullying is tolerated at school, but this has also affected my child's school achievements. He was once an advanced student, but now his grades are suffering, he lacks motivation, lacks interest, and his future currently looks bleak. We have considered moving him to another school.

We need schools that perform well regardless of ethnicity. For this to occur we need intense tutoring.

Robins just became a C school. Hispanic parents are very concerned their kids are lagging behind. Tutoring works, it is shown by research. Schools that have been increasing their scores are mainly those with increased resources and with mainly white population. History is repeating itself and minority students are lagging behind. Please support tutoring, living wages to teachers. Sadly this school became a C. As a parent this is very disconcerting. I like to support my public schools, it is hard not to be tempted to choose charter schools as an option. I am saddened and disappointed. Wish priorities would be focused on academics and true learning, so we can truly give kids a real shot in life with high quality education regardless of the school district they live in.

We really appreciate the applications StudentVue and ParentVue and each and every one of the staff at Pistor deserves recognition for being outstanding Thank you the Aviles Family

We recently transferred our student from a charter school to Kellond and we love it. It's very new but he is thriving there so far and we feel very supported by the administration and staff at Kellond.

We tend not to go to parent teacher conferences unless we have a specific concern. Blessed with a student that is mostly self sufficient academically.

We've been a very happy Sam Hughes family since the 18-19 school year and truly appreciate the safe, caring, academic environment Ms. Bolasky has fostered.

Wheeler has been a great school for both girls and even though Janessa is enrolled in Tuva at this time Ms. Maza has taken time to do the Monkey in my chair program for Janessa so that she is not forgotten by her classmates while she gets her treatment. Ms. Obrien has been such a great teacher she really pushes Juliet to do her best, She sends homework home for the whole week to help Juliet keep up with her work and works with her after school to help with math since she has to miss school quite a bit for her sister being that she is the bone marrow doner.

While my school does do a good job communicating with families and making an attempt to make parent/teacher conferences helpful. I still feel there is work to be done in terms of really letting parents know how their child is performing. Many times I have found lack of explanation on state testing and benchmarks. It is hard to know exactly how your child is doing in relation to their grade level expectations. While I fully understand not all parents are seeking the detail or depth - but beleive there are opportunities to help inform parents about their child's academic progress. Or help them understand what measures will be used, when they typically will happen, and how to interpret those scores. With that said, the teachers and admin seem very willing to engage and never have been stand-offish. Outside of the PTO (which to me doesn't seem to be a "decision making body" which has any input in curriculum or instruction) I am unaware what the parent involvement opportunities are. They may exist but the PTO doesn't seem to provide input opportunities outside fundraising and small grants to teachers. Overall, a wonderful school with exceptional staff. We would recommend Lineweaver to any and all. GREAT job TUSD.

Whitmore is a great school with the best principal a school could possible have.

Why hasn't this school faculty actually helped the student council. All they do is complain and not do anything about the student council even when they are trying to make changes to line with the faculty members. I don't think this school cares about their students as much as they say they do

Work

Work schedule

Would like to see stability of a teacher in my child's classroom.

You are all doing an excellent job! Thank you!

مدرسة نايلور مدرسة ممتازة من حيث الكادر الاعلى والبيئة المدرسية ولكن يوجد بعض الطلاب يتلفظون مع ابني بعض الالفاظ السيئة واتمنى ان تقوموا بأخذ الاجراءات اللازمة
